SUBJECT.

Transferring to the Public Dept. a note for orders on the subject of Govt. Servants lending money at interest to landholders, with a view to the Govt. of India being addressed in regard to certain doubtful points in connection therewith.

5/1/97 No 219-

The former cannot be accepted. Government has placed only in future in the case of the latter the difficulty of proving that he shall not borrow from them is very great. The point anyone who receives within his effect of the order is, therefore, prohibition or is liable to be that savings must be invested in official relation with in the purchase of land or for him. In the case of the latter, securities in or in a form of consideration need not be bank or joint stock company, but there can be no hardship or a European firm. This is interfering money-lending to with, however, being in the hands of holders. Officers in the lower a return of from the present position, and are not likely to hand over all but those in the hands of any others. The order that forbids there is no justification money may be lent within for the interpretation of the order in Presidency, therefore, affords by the Board which, however, very few people. On the whole cannot be accepted without the order of the Govt. of India making a reference to the Govt. may, it is thought, be left to of India. it is. 7/2

6. On the other hand, it may be. There are one or two points, be urged that a person may, however, which do not appear sometimes be compelled to borrow to be clear. Orders are requested but that he can never be compelled as to whether the expression

 it appears as standing

 It will thus be clear that

I am directed to ask
 an authoritative
 ling on a question
 it has been raised
 regard to the grades
 & classes of public
 servants which the
 Govt. of India intended
 could be covered by the
 provision in para. 2
 of the order No. 2-R-87-103,
 6.1.90 "all unconvicted
 the subordinate executive
 and judicial
 officers of the Govt."

From the fact that
 word "officers" is used
 Govt. understood
 that it was not intended
 that the prohibition
 against lending money
 interest to landholders
 would apply to any
 superior public servants
 independent charge

I am also to ~~the~~
 whether the prohibition
 applies to all loans to
 landholders whether
 the security ^{to be} given is
 land or houses.

From the 1st of
 July 1815 of a
 similar nature in
 India in that the prohibi-
 tion was intended to ap-
 ply only to loans for
 the purchase of land or
 houses. I am to be
 the occasion for the
 prohibition in the
 present case is the
 prohibition to any other
 kind of loans, a
 similar case. The
 prohibition is in
 force right from the
 first of July 1815.

Since the prohibition
 applies to the present
 loans, on the security
 of houses.

I have no
 doubt that the
 prohibition is intended
 to be a general one
 and not a special one
 for the purpose of
 the present case.

The loan is the only one
 for which the prohibition
 applies.
