Current No. of 18, dated from

Current No. 2750 of 1890, dated 17 Sep: from The Surge: Genl.

Order 42 Nov 90. No. 753.

The Surgeon General recommends the dismissal from the public service of 2nd class Hospital Assistant J. G. Manuel, No. 331, for insubordination and disobedience of orders.

2. The papers submitted show that the charges against the Hospital Assistant are well founded, and there can be no excuse for such flagrant insubordination and defiance of orders as he has

3. ^{inhibited} H.E. the Governor in Council accordingly directs that Hospital Asst. J. G. Manuel be dismissed with effect from the date he was relieved.

It will be noticed that during the last few years
nothing is said against Manuel's previous
conduct & he is not
reported to ~~have~~ have
borne a bad character.

For orders.

It is submitted that before final
orders on this case are passed
g.D.B. 90. a report should be called
for as to how far the statements
in the 1st & 2nd petitions are true.

If they are as he alleges them to be
there is some reason for his unwillingness
to go to the Decadines. The worst
part of the matter seems to be
his disobedience of orders to proceed
to Madras.

S
D.O. -

I don't see any necessity
for calling for a report ^{relative} from
to Manuel's statements - even
if they are true they don't
excuse his frequent indis-
cussion & defiance of orders.
I think he is in the district
as recommended by the

as per the W. for.

I think so, too,

for endeavouring to evade
transfer to Burma,
to famine duty, or to
cholera duty.

Attention is invited
to Manuel's petition
from which the follow-
ing grounds are taken
~~into consideration~~ for consider-
ation whether a less
severe sentence would
not be sufficient in
this case:-

1. Apparently, D'Cruz,
who had served in the
Islands for 4 years,
frightened Manuel
considerably regarding
the "semi barbarous"
and fanatical inhabitants.
2. Manuel has ~~apparently~~ ^{apparently}
~~already~~ already served
in unhealthy, & as such,
undesirable localities
& apparently lost his
wife & two children
as the result.
3. He is now a widower
with two small children
aged 3 & 5 years.

At all events he could have been
4 years

Hospital Assistant J. G. Manuel was selected for duty at the Amindivi Islands in place of Hospital Asst. J. D'Guiz. Manuel was directed to proceed to Madras for instruction in meteorological observations, which form part of the duties of the medical Subordinate serving at the Islands. Manuel was relieved from duty on the 20th July last but instead of proceeding to Madras as directed he first applied for leave without pay; then asked to be allowed to resign the service & eventually stated that he could not under any circumstances go to the Laccadives.

The Surgeon General recommends that Manuel be dismissed the service, and it may be observed that several medical subordinates have been dismissed

5. Government will see from the foregoing facts that Hospital Assistant Mannel has been guilty of gross insubordination and repeated disobedience of orders and in my opinion nothing short of dismissal will meet the ends of justice in his case. I accordingly recommend that he be dismissed the public service with effect from 20 July 1890 the date of his relief at Mangalore.

3. As the Excuses given in the petition were frivolous and as a Christian Medical Subordinate had already worked well in the Island for a period of 4 years, Mannel was directed in this Office Memo dated 6th August - Copy enclosed - to at once obey orders failing which he would be reported to Government and dismissal recommended.

4. No attention was paid to this warning by the Hospital Assistant and on the 29 August a letter was received from the District Surgeon Mangalore Copy enclosed reporting that Mannel was still at Mangalore and requesting instructions in the matter as the trading season had commenced and boats from the Aminidivi Islands were expected to arrive within a month. In reply the District Surgeon was informed - vide copy of this Office Endorsement - that if the Hospital Assistant "does not proceed at once he should be suspended and a report made to this

Memo

2^d Class Hospital Assistant
J. G. Manuel No 331 is informed
that it was most irregular on his part
to forward his letter of the 28th July direct
to this office instead of through his Dis-
surgeon - He has also disobeyed order
by not proceeding to Madras as directed.
He should now do so at once with a view
to his being eventually sent to the Lacc-
-dive Islands.

Should he fail to obey this order
he will be reported to Government and
dismissed the public service.

The Surgeon General has noted the
insubordinate tone of his letter in which
he says that under no circumstances
will proceed to the Laccadives.

it to resign his service. I
permeated the term of the bond I
signed and am entitled to a free
discharge.

Thinking that I will put the
Government to unnecessary expense
by paying my travelling allowance
I don't leave the Station as per your
order No 3970, but if you direct
that I must obey orders and proceed
to Madras I shall do so, but I
cannot under any circumstances
be to the Government.

Begging you will have
pity on me and send me to any
other place for I have no wish
to leave Government Service if I
can help it.

I beg you will be pleased
to send your orders on this as soon
as possible so that I may look for
work for a livelihood if I am
discharged.

I beg to

During my eight years here
I was sent to Wynad and other places.
In 1887 I was posted to South Canara
and posted to Colthalla a most feverish
place where my misfortune took
my wife and 2 children. I am now
left with 2 motherless little children
aged 3 and 5 years respectively. The
then District Board President
in consideration of what I suffered
transferred me to Mudhidiri a healthy
place. I was hardly 10 months there
and before I could recoup my
health (I also suffered from malarial
fever) I was removed from there and
chosen for the Laccadives. That
District Surgeon should have selected
me (while there are other Christian
Hospital assistants who have done
their whole service 10 & 12 years
placed in one station only i.e. here)
is another of the many misfortunes
that have befallen me.

I humbly beg
be pleased to take the above
consideration and send me

District Surgeon in a
previous Memo directed me to
prepare to go to the Laccadive Islands.
I had then intended to submit this
application but afterwards the
District Surgeon posted me as a D.D.
to the Civil Dispensary and I
therefore remained quiet. Now
looking at your orders I presume
the necessary instruction means
that I should learn Malabar
work in order to be sent to the Laccadives.

The Laccadives is solely in-
habited by a people who have
unlike Mussulmans of other places
peculiar aversion to Christianity
and I have heard from the late
Medical Subordinate that one
Military Christian individual
cannot pull on with the people
and it was for this reason
that Medical Subordinate
was sent to go there again. I am
