3. *Depôt Choultry*.—The average daily number of paupers maintained during the year in the Depôt Choultry was 80 against 72 in 1888. The expenses incurred amounted to Rs. 2,339-3-5 or on an average 1 anna 3½ pies per head per day as in the

previous year. The cost of establishment was Rs. 1,822-14-0 against Rs. 1,684-15-3, showing an increase of Rs. 137-14-9 owing to the increased salary of the Superintendent and the clerk.

4. *Foundling Asylum*.—The average daily number of children maintained during the year was 3, that is, the same as in the previous year. The cost incurred on this head was Rs. 108-6-2 or an average of 1 anna 5½ pies per head per day against 10½ pies in the previous year. The increase is owing to extra milk ordered to infants.

5. *Native Infirmary*.—Under this head the number of patients maintained was 85-50 against 81 in 1888. The expense incurred was Rs. 5,739-3-9 or on an average 2 annas 11¼ pies per head per day against 3 annas 1¼ pies in the previous year, the decrease in the average being due to a change in the diet scale. The cost of establishment was Rs. 1,526-10-4 against Rs. 1,380-12-9. This is owing to a special clerk entertained at the request of the Surgeon.

6. *Sir Savalai Ramasamy Mudaliar Lying-in Hospital*.—The total number of patients admitted into this hospital was 601 against 547 in 1888. The cost of dieting was Rs. 1,335-0-7 against Rs. 1,103-1-0 or on an average Rs. 2-3-6 against Rs. 2-0-3 per head in 1888. This is owing to extras, such as milk, broth, conjee, egg, &c., ordered by the Surgeon, and batta to patients during the year.

7. *Raja of Venkatagiri's Choultry*.—The daily average number of pauper inmates in the Raja of Venkatagiri's Choultry was 48½ besides 108 out-door paupers supplied with rice-dole of two ollocks a day; while in the year 1888 the number of pauper inmates was 45 and of out-door recipients 108; and the cost of dieting, &c., was Rs. 3,706-15-10 against Rs. 3,562-8-4 in the previous year. The increase of Rs. 144-7-6 is owing to greater number of admissions and cost of clothing and repairs. The average cost for each pauper per day was 1 anna 3½ pies as in the previous year.

8. The Directors tender their thanks to Sir Savalai Ramasamy Mudaliar, Kt., C.I.E., for his audit of the monthly and annual accounts.

9. The Tamil school attached to the Monegar Choultry, founded by Lord Napier and Ettrick and the Hon'ble R. S. Ellis, is attended by 10 children belonging to the choultry.

10. The Directors tender their thanks to Surgeon-Major H. D. Cook, M.B., and Sir Savalai Ramasamy Mudaliar, Kt., C.I.E., the former for building a special ward up to foundation level by public contribution and the latter for completing the superstructure. This ward was opened by His Excellency the Governor and called "Prince Victor Ward." Since the erection of the additional ward the Committee have been able to accommodate a considerably larger number of patients in the hospital.

an increase of Rs. 336-2-5 in 1888. In paragraph 4 of G.O., No. 1036, dated 19th December 1889, the Government observed that no remarks were offered as to the necessity for the increased expenditure on establishments in 1888. In the present case it is stated to be due, in the case of the Depot Choultry, to an advance in the salary of the Superintendent and the clerk and to a special clerk having been entertained at the Native Infirmary. No explanation is given regarding the larger cost of establishment at the Lying-in Hospital.

4. The total cost § of diets exceeded that in the previous year by Rs. 458-14-5.

The increase is not accounted for in the case of the Depot Choultry, but at the Lying-in Hospital it is said to have been due to extras ordered by the Surgeon "and batta to patients during the year." The last item is not understood. The Directors will be asked to explain for what purpose batta is given and why it is debited to the cost of diets.

5. There was an increase in the number of paupers dieted in all the institutions, the figures for the two years being 60,941 and 66,331 respectively. In 1888 the Native Infirmary showed a decrease of 8,684, but in the year under review it had an increase of 1,523.
