GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following papers :—

Telegram from the Secretary to the Government of India, Home Department, to the Chief Secretary to the Government of Madras, dated 9th January 1890.

No. 13. Chief Commissioner of Burma requires two 2nd-grade Assistant Apothecaries, and reports that Madras Government is unable to assist him. From information before Government of India it would appear that there were on 30th June last, 76 Apothecaries and 69 Assistant Apothecaries at disposal of Madras Government; sanctioned strength being 26 and 48, respectively. Government of India would be glad to learn how this surplus is employed, and whether Madras Government cannot give assistance asked for.

No. 13.

Referred to the Surgeon-General for very early report. If the two 2nd-grade Assistant Apothecaries are available, they should be despatched at once.

(By order.)

(Signed) A. G. CARDEW,
Under Secy. to Govt.

11th January 1890.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 17th January 1890, No. 50.

In returning the telegram from the Government of India referred to me under your endorsement, dated 11th January 1890, I have the honor to report, for the information of Government, that the 2nd-grade Assistant Apothecaries asked for by the Government of India cannot be supplied from Madras, as there are no men of that grade serving in the Civil Department, and the Military Department has intimated that none of those in Military employ can be spared.

2. I enclose, for the information of Government, a statement marked A showing the actual number of Military Apothecaries on the list on this date, the number allotted by regulations, and their distribution. It will be seen from this statement that only 19 Apothecaries are directly under my orders and they are scattered all over the presidency as will appear from Statement B. Some of these have only recently turned from Burma.

ENCLOSURES.

Reference, dated 21st January 1890.

Referred to the Military Department for favor of report as to whether the two 2nd-grade Assistant Apothecaries asked for by the Chief Commissioner of Burma can be spared out of the number now employed in the Military Department.

(Signed) A. BUTTERWORTH,
Asst. Secy. to Govt.

To the Military Department, with currents.

No. 585.

Referred to the Surgeon-General, Her Majesty's Forces, for favor of early report. If the two 2nd-grade Assistant Apothecaries can be spared, they should be directed to proceed forthwith to Burma.

Fort St. George, (Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
27th January 1890. Secy. to Govt., Military Dept.

From Sir JAMES A. HANBURY, M.B., K.C.B., Surgeon-General, Her Majesty's Forces, to the Secretary to Government, Military Department, dated Fort St. George, 31st January 1890, No. 293.

In returning the papers received with your No. 585, dated 27th January 1890, I have the honor to state that the two 2nd-grade Assistant Apothecaries required by the Chief Commissioner of Burma cannot be spared from the establishment of Medical warrant officers employed in the Military Department.

2. The establishment authorized by regulation for the Station Hospitals in India and Lower Burma and for the Army Head-quarters is 57, plus a reserve of 15 per cent. for the Fort dispensary and for temporary duties, leave, &c., making a total of 65; whereas the existing establishment is only 55, the distribution of which number is given in the following statement, which also shows the authorized establishment of each district:—

Districts.	Authorized establishment.	Existing establishment.
Madras ..	12	11
Belgaum and Bangalore ..	19	14
Secunderabad ..	13	12
Southern ..	9	7
Burma (Lower) ..	12	11
Total ..	65	55

It will be observed therefore that the Military hospitals in India and Lower Burma are being worked with a reduced establishment, which cannot, in my opinion, be reduced any more without causing serious inconvenience.

3. Statement marked A, appended to Surgeon-General Bidie's letter No. 50, dated 17th January 1890, explains that the authorized establishment for the "Civil Department, Madras" is 25, and that, out of this number, 11 is the "reserve for leave, &c.," at 15 per cent. The retention of this reserve in the Civil Department does not appear to be authorized by clause 171 of India Army Circulars of 1887, which clause sanctions a reserve of 15 per cent. for temporary duties, leave, &c., for the Military Department only.

4. I may add, for the information of Government, that, besides the 55 Medical warrant officers employed in India and in Lower Burma, 14 are employed in the Myingyan and Mandalay districts (for which no provision has yet been made by regulation), and 20 Medical warrant officers (of whom 10 were obtained from the Civil Department) were posted by me for duty with the Chin Field Force. One Assistant Apothecary from the authorized establishment for the Military Department is employed at Jhansi under orders* from Government.

* No. 3234, dated 18th May 1889.
† G.O., Military Department, No. 7446, dated 29th October 1889.

Two of the Apothecaries, who were nominated † to proceed to Upper Burma in relief of the Bengal Medical warrant officers, have reported sick and will not probably be available for duty for some time to come. One of these two subordinates has applied to be invalided from the service on the score of ill-health.

No. 820.

Transferred to the Public Department with reference to endorsement, dated 22nd January 1890.

2. Attention is requested to paragraph 3 of the letter of the Surgeon-General, Her Majesty's Forces.

3. The previous correspondence is herewith returned.

Fort Saint George

SIR,

In returning the papers received with your No 585 dated 24 January 1890 I have the honor to state that the two second grade Assistant Apothecaries required by the Chief Commissioner of Burma cannot be spared from the establishment of Medical and Sanitary Officers employed in the Military Department.

2. The establishment authorized by regulation for the Station Hospitals in India and Lower Burma and for the Army Head Quarters is 65 plus a reserve of 15 per cent for the Fort Districts, and for temporary duties, leave etc. making a total of 65; whereas, the existing establishment is only 55, the distribution of which is given in the marginal statement, which also shows the authorized establishment of each District. It will be observed therefore that the military hospitals

Le. No. 194 ⁴⁸ Office of the Surgeon General
With the Government of Madras
Fort St George 17 January 1870

No. 50.

From G. Bidie Esq. M.D., L.S.E.
Surgeon General with Govt. of Madras

Fort St George

To
The Chief Secretary to Government

Public Department

Sir,

In returning the telegram from
the Government of India referred to me
under your Endorsement dated 11 January 1870
I have the honor to report for the information
of Government that the second grade assistant
apothecaries asked for by the Government of
India cannot be supplied from Madras
as there are no men of that grade serving
in the civil department, and the military
department has intimated that none of
those in military employ can be spared.

2. I enclose for the information of

Govt.

Government a statement marked A showing the actual number of military apothecaries on the list on this date, the number allotted by Regulations, and their distribution. It will be seen from this statement that only 19 apothecaries are directly under my orders and they are scattered all over the Presidency as will appear from statement B. Some of these have only recently returned from Burma.

I have the honor to be

Sir

Your most obedient servant

David M.B., C.I.E.

Surgeon General

With Govt. of Madras
