To The Surgeon General. Kurnool & Jaypore - Medical charges

22 NOV 90

Letters No. 795.

To The Secy: to the G. of India Home Dept.

Sir,

With reference to your letter No. 638 d/ 30.9.90, I am directed to say that the Govt of Madras consents to the reduction of Kurnool to a 2nd class medical charge on the condition that Jaypore is at the same time raised to the rank of a 1st class and yours ~~charges. The~~ orders of the Govt: of India on the subject ~~effect are awaited~~.

Current No. 2904 of 1890, dated 30 Sept: from Govt. of India

Current No. 3202 of 1890, dated 31 Oct: from Secretary: Govt.

Order. 22nd Nov. 90. No. 794.

The Govt: does not consider the reasons urged by the Surgeon General for the maintenance of Kurnool as a 1st class medical charge sufficiently to be valid. Kurnool is no worse than Cuddapah which is a 2nd class charge and there is now a railway through Dhirthi which can be reached in a few hours from headquarters.

2. The Govt: of India will be informed that this Govt consents to the reduction of Kurnool to make room in the list of 1st class stations.

S.D. Sec. No. 0202 ... 7.

ould not be content
to remain there if it was
reduced to the 2nd class.
It is submitted that this
last objection should
not carry much weight.

It seems probable that
means of comm.n in the
Kurnool district have
improved since 1874,
and that better sanit-
-ation (on King was
in charge for some time)
raised to a decrease
in sickness.

It is submitted that
further particulars in
regard to the existing
state of affairs in the
Kurnool district be
called for before a
decision on the point
is arrived at.

J.D.B.
3/Ist/90.

Kurnool is not a bad station as stations
in Cuddapah which is a 2nd class station.
There seem to be no necessity for any further
enquiry. If a healthy man can be
found to go to Cuddapah or 2nd Class
pay one can be found easy enough
for Kurnool which has now a railway
through a considerable portion of it which
can be reached in a few hours from Kurnool
The decision was to attempt to procure

the raising of Cuddapah to 1st Class without
change in other districts and if the G of I
I would not agree to this when asked
to make Kurnool 2nd Class. This is
what Sir Dr has now suggested. If a reference
is made to the S of S the views of the G of I
will probably be adopted

Public Currents 2904
and 3202.

On the 21st ult. May last
(on C. 1296 in G.O. N: 509)
H.E. the Governor remark-
-ed "Try first to get Tan-
-jore made first class with-
-out reducing another.
If this is refused then
we can offer to make
Kurnool 2nd class."
India - in C. 2904 - makes
the promotion of Tanjore
contingent on the de-
-gradation of Kurnool -
otherwise the Secty of
State must be addressed.
The figures in the appen
-dix to G.O. 509 have
evidently led to India
selecting Kurnool for
reduction.

But the Surgeon Genl
does not agree to this.
He says that the reasons
adduced in 1874 (G.O. N: 20
d/10.1.74) for raising Kur-
-nool to the 1st class hold
good at the present time
and that medical officers

I am against the reduction of Kurnool - but the Govt: will agree to H.E. the Gov: proposal to leave it in Tanjore 2nd class. Kurnool be under 1st class. The Surg Genl suggests maintaining Kurnool as a 1st class Dist: as well as Salem - but only difficulty will be providing for Dr Nanney. Dr Spratt, is, I believe, on the Coromandel Coast & Dr Nanney might be transferred to Tanjore when Dr Jones is appointed (to be Surg on Dr Thy's) in charge.

10/11/90

I don't think there is any chance of our getting Tanjore raised unless Kurnool is reduced, so that we must consent to the reduction

No. C/44

From

THE SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,
FORT ST. GEORGE,

To

THE Chief Secretary to Government
Public Department

SIR,

In returning the letter from the Government of India referred to me for remarks under your Endorsement dated the 23rd October I have the honor to state that in my opinion it is inadvisable to reduce Kurnool at present to a 2nd class station. The reasons formerly adduced for constituting it a first class station viz great unhealthiness of the district, the amount of work to be done by the District Surgeon and difficulties in travelling, hold good at the present time. In addition to this Medical Officers when sent there are content to remain which would not be the case if it is reduced to a second class station. Under these circumstances I recommend that the matter be referred to the Right Honorable the Secretary of State for India. Tanjore has considerably increased

CHIEF SECRETARIAT
7 OCT 90
GOVERNMENT

Home Department.
Medical

Sir,

In reply to your letter No 510, dated the 15th July last, I am directed to say that the Government of India is prepared to sanction the raising of Saujore from a 2° to a 1st class Medical station, on the condition that Kurnool, which is now a station of very secondary importance, is at the same time reduced to the rank of a 2° class medical charge. It is observed that it was placed in this class in 1868.

I am to inquire whether this arrangement commends itself to His Excellency the Governor in Council. If the condition is not accepted it will be necessary, under financial rules, to refer the matter to the Secretary of State.

I have the honour to be,
Sir,
Your most Obedt Servant,

C. J. Lyall

Offg Secy to the Govt of India.

PUBLIC DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

With advertence to your letter No. 471, dated the 4th August 1893, and previous correspondence, I am directed to forward copy of the Proceedings of this Government No. 509 of this date, from which it will be observed that His Excellency the Governor in Council is so convinced of the urgent necessity for the services of Commissioned Medical Officers at Chingleput and Anantapur that he considers that vacancies should be created in List I by the relegation to List II of the appointment of Second Medical officer at Ootacamund and the Civil Surgeoncy of Chittoor.

2. The reasons which have prompted this decision are that Chingleput is one of the chief towns of the district of that name, and an important hospital and the Presidency Reformatory for juveniles are situated there. It is also the headquarters of the District Judge and the Sub-Collector. The Chingleput District has a population of 1,136,928; it contains—besides Conjeeveram which is a town of very large size—many considerable villages and fifteen hospitals and dispensaries. In 1893-94 the number of persons vaccinated was 42,432.

Anantapur is the principal town of that district, and is the headquarters of the Collector and other European officials. The town and district are fast developing from a medical point of view. The lattor has a population of 708,549, and contains eleven hospitals and dispensaries. The number of persons vaccinated in 1893-94 was 19,710.

It will be seen from the foregoing particulars that the services of commissioned officers are indispensable for the proper medical administration of the districts named.

3. I am to request that sanction may be accorded to these proposals at an early date.

I have the honor to be,

Sir,

Your most obedient servant,

J. F. PRICE,
Chief Secretary.

OOTACAMUND,
13*th July* 1894.

Copy to the Govt of India.
