DESPATCHED

IN
M.S.

Feb. 25/1900
L. 60074-290

No. 12D.—5-2, dated Calcutta, the 19th December 1889.

From—Sir JOHN EDGAR, K.C.I.E., C.S.I., Chief Secretary to the Government of Bengal.

To—The Secretary to the Government of India, Home Department.

With reference to the Resolution of the Government of India in the Home Department, No. 5—350-61, dated the 23rd June 1887, I am directed to submit, for the consideration and orders of the Government of India, the accompanying copy of a letter No. 10123, dated the 31st October last, from the Inspector General of Civil Hospitals, and of its enclosure, suggesting a modification of form No. III of the standard series of the Annual Dispensary Statements.

No. 10123, dated Calcutta, the 31st October 1889.

From—A. HILSON, Esq., M.D., Inspector General of Civil Hospitals, Bengal.

To—The Chief Secretary to the Government of Bengal.

Referring to Home Department Resolution No. 5—350-61, dated 23rd June 1887, accompanying revised statement No. III of dispensary statistics received with Government of Bengal, Medical and Municipal Departments, No. 3117, dated 12th July 1887, I have the honour to point out that, under the system of classification given in the revised nomenclature of diseases and adopted in the dispensary return, there is a difficulty in forming a correct estimate of the prevalence of venereal diseases, because ulcer of penis, No. 606, and other allied affections of a non-syphilitic character must usually be classed under the heading of diseases of the generative organs, and hence they are included among a number of diseases which are not of a venereal nature. I would suggest that separate headings should be inserted in the dispensary return to show all diseases of a venereal origin. For instance, in the category of local diseases, "Affections of the lymphatic system," "Urinary system," and "Generative system" might each have sub-head showing those diseases which are of a venereal origin, or, if it be preferred, one heading such as venereal diseases other than those in group A might suffice for all affections of that kind.

3. I beg to state here that I pointed out the above to the Surgeon General with the Government of India, who desires me to submit the matter to the Government of India through the Local Government, *vide* his No. 3198, dated 24th instant, copy enclosed.

No. 3198, dated Simla, the 24th October 1889.

From—A. BARCLAY, Esq., M.B., Secretary to the Surgeon General with the Government of India.

To—The Inspector General of Civil Hospitals, Bengal.

With reference to your No. 9305, dated the 12th October 1889, I am directed to suggest that the matter therein referred to, may be submitted to the Government of India through the Local Government, as statement No. III of the Dispensary Forms being prescribed by the Home Department, no alteration can be made in it without the sanction of that Department.

No. 28

FROM

J. P. HEWETT, Esq.,

Under Secretary to the Government of India.

TO

THE CHIEF SECRETARY TO THE GOVERNMENT OF BENGAL.

Home Department.

Medical.

Calcutta, the 15 January 1890.

SIR,

I AM directed to acknowledge the receipt of your letter No. 1102, dated the 19th ultimo, and enclosure, and in reply to say that the Governor General in Council approves the suggestion of the Inspector General of Civil Hospitals, Bengal, to insert a separate column for "venereal diseases other than those in Group A" in Form No. III of the Standard Series of the Annual Dispensary Statements.

I have the honour to be,

SIR,

Your most obedient Servant,

J. P. HEWETT,

Under Secretary to the Government of India.

No. 29

COPY of correspondence forwarded to the other Local Governments and Administrations for information and guidance, and to the Surgeon General with the Government of India for information.

By order,

J. P. Hewett.

Under Secretary to the Government of India.

To

The Government of Madras
