presume continuing to be here or leave only this Mr Thompson answered in the
affirmative. The matter was then carried a step further by Mr. Bowen and Mr.
Thompson was asked if he were willing to be transferred for permanent service in
the Straits Settlements. Mr Thompson replied "yes" under certain conditions and the
matter was put through in his case and he was transferred. But as with

Mr Legge the case has been different. In India ⁴⁴³²/₈₇ the question was put to Home Dept India of 21/4/1887.

Mr Legge if he would be willing and ready to be transferred to Civil Service
of India from military service of that country. Mr Legge replied in his letter

Enclosed in Col. Legge's letter of 21st Aug 1887 to Secy to Govt of India Home Dept.

of 8th July 1887 forwarded to go through Resident Perak that he agreed to accept
permanent service under Govt of Straits Settlements thus answering a question
as Mr Thompson that was not then put to him. Mr Thompson's affair was

put through but Mr Legge in his letter 10th April 1889 (with Perak ⁵³⁷⁸/₈₉) states: "Enclosed in Col. Legge's letter of 21st Aug 1887 to Secy to Govt of India Home Dept. of 29th May 1889."

that up to then he had received no reply to let him know if he had been transferred,
to Straits Settlements or not. A reference to letter from India India ⁴⁴⁰²/₈₉ will show to 31st June 1889.

that the question of transfer of Mr Legge to Straits Settlements has not
come before Indian Govt this letter merely stating that the question of transfer-
ring warrent officers from military to Civil Department (of India) was still
under consideration evidently not knowing that the question with Mr Legge
was whether he had or had not been transferred to Straits Settlements.

I presume that Mr Legge continued his subscriptions until March 1888
while waiting for an answer to his letter and then gave them up.

Apothecaries Fund Office

Madras 11th July 1889.

Sir,

I append overleaf a statement of your dues to the Fund from April
1888 to July 1889 amounting to Rs 151.12.10 and request you will be good
enough to remit the sum at your early convenience to enable your accounts
in the Ledger being closed for the official year 1888/89.

I may mention that a memorial ^{has been} submitted to Government
praying that the Fund be taken under the management of the Govt. and in view
to such an eventuality it is very desirable that all arrears due by subscribers
should be paid up at once.

Yours &c

There seems to be some misunderstanding in this matter

(a) With regard to Mr Thompson the original question asked of him was
if he was willing to be transferred from military to Civil Department of India.

Sir,

I have the honor to enclose a Bill against me from the
Secretary Apothecaries Fund Madras amounting to Rs 151.12.10 being for
subscriptions in arrears from the month of April 1888.

I beg to submit that in July 1884 I formally accepted service
under Govt of the Straits Settlements on the same conditions as the other Madras
Apothecaries who were transferred from the Madras to the Straits Government
service and that from that date I should be exempted from payments to the
Apothecaries Fund Madras especially as I have long ago made other pro-
vision for my family here in the Straits.

I beg that this letter together with a copy of the latest
correspondence about my transfer may be sent to the Surgeon General
Madras.

I would respectfully submit that in forwarding my letter on
the subject of my transfer the Honble the Colonial Secretary would appear
to have misapprehended my request to be transferred from the Madras ser-
vice to the service of the Straits Government permanently and asked instead
that I should be transferred from the Military to the Civil Medical Service
of Madras.

I have been serving under the Straits Govt since the 10th
March 1868 now over 21 years and I have married and settled in this
country and all my interests are centered here I would therefore be thankful
if my service be transferred permanently from the Madras to the Straits Govt
in the same manner as was done in the case of Messrs Apothecaries R. A.
Peto and Rees now serving in Singapore.

Sir,

With reference to your letter No 566 of the 19th June last I am directed by the Governor of the Straits Settlements to state that His Excellency will be much obliged if an early decision can be given regarding the transfer of Mr. Apothecary Legge from the Military to the Civil Establishment.

2. I am at the same time to enclose for your information a copy of a further letter from Mr. Legge in which he desires it to be made quite clear that his desire was to be transferred permanently from Malacca for service in Perak and a copy of a minute by the Acting Principal Civil Medical Officer upon the subject.

3. If there has been any misunderstanding as to Mr. Legge's application to be permanently transferred to the service of the Straits (or Straits Settlements) Government His Excellency will be glad if the matter can now be set right.

Sir,

In order to relieve the stagnation of promotion in the Madras Subordinate Medical Establishment which is at present very largely in excess of its sanctioned strength it has been suggested that Medical Subordinates belonging to that establishment who are now serving under other local Govts or Administrations or in the Straits Settlements might with their consent be permanently transferred to those Govts or Administrations for duty in the Civil Department. Such of the officers concerned as elect to join the Civil Department will continue to enjoy the benefit of their present pay pension rates and Civil and other funds. Care should however be taken that a subordinate so transferred should not suddenly be thrown back on the military Department owing to the local or municipal authorities dispensing with his services or suddenly proposing to reduce his pay.

2. Unless His Excellency the Governor should see any objections I am to request that the Apothecaries belonging to the Madras Establishment who are at present serving in the Central Provinces British Burma the Hyderabad Assigned Districts, the Straits Settlements may be asked if they will consent to be transferred to the Civil Department on the above terms and that the result may be communicated to this office with an expression of the opinion of the Government of the Straits Settlements on the matter generally.

transfer of warrant medical officers to the Civil Department cannot be disposed of till the war reserve of warrant officers has been settled. As, however, the Government of the Straits Settlements asks for early orders in the case of Mr. Leggo, the Governor General in Council will be glad to know whether His Excellency the Governor in Council sees any objection to Mr. Leggo being permanently transferred to the Government of the Straits Settlements, provided he resigns the Subordinate Medical Department, Madras.
