[Despatch Abstract].

*Re Allowance to Apothecary
at Women & Children Hospital
for teaching nurse pupils*

Note

I think the present
arrangement should
be maintained

Yrs.

6/2/90

The Apothecary, W. & C. Hospital, requests that in lieu of the allowance of Rs. 5 for each military nurse pupil he may be granted a fixed monthly allowance for instructing both civil and military nurse pupils as was sanctioned in G.O. No. 1222 of 7.6.84 for the Apothecary at the Dying-in Hospital.

About the time this application was recd. the Govt. heard that the new wards at the Dying-in Hospital were ready to receive all the gynaecological cases that are at present treated in the W. & C. Hospital, and a reference has elicited the information that when the transfer is carried ^{out}, the number of nurse pupils at the W. & C. Hospital will be reduced.

It is also pointed out that the Apothecary at the ~~Native~~ Infirmary instructs nurse pupils and that sanction in the present case could hardly be accorded without its being made applicable to both.

It is therefore submitted that the Apothecary at the W. & C. Hospital sh^d. be restricted to his allowance of Rs. 5 per military nurse pupil.

It will be remembered that only in Sep: ^{additional} last an ~~extra~~ Apothecary was sanctioned for the W. & C. Hospital on account of the extra work entailed on the staff by the gynecological cases, and that nothing was said at the time about the imminent transfer of these cases to the Syring - ai - Hospital.

16

It is submitted that it looks rather as if the present application was timed for disposal just before the reduction in nurse pupils - wh. must have been anticipated - took place.

THE Chief Secretary to Government
Public Department

SIR,

I have the honor to forward for submission to Government the enclosed application from the Apothecary attached to the Women and Children Hospital praying that he may be granted an allowance for teaching the class of nurse pupils attached to that institution.

2. Government will see from G.O. No 1222 Public of 7th June 1884 that the Senior Apothecary at the Lyington Hospital madras draws a monthly allowance of Rs 50 for similar duties and as the two cases are strictly analogous I would strongly recommend that the Apothecary at the Women and Children Hospital be also granted a similar consolidated allowance for the extra work he is called upon to perform in lieu of accidental fees from military nurse pupils which, under the arrangement

allowance to be given
to the Apothecary at the
Lyington Hospital

Sir,

I most respectfully beg to bring
to the notice of the Surgeon General
with the Govt of Madras that an
allowance similar to that granted
to the Senior Apothecary of the Lying-
in Hospital may be accorded to me.

I have for the past 2 years and
5 months taught the class of Nurse-
Pupils attached to this Hospital and
beyond the allowance of Rupees Five
for each Military-Nurse-Pupil (when
there are any among the number,
sometimes there are none) no allowance
has been granted me. I earnestly
solicit that with your kind recom-
mendation, the Surgeon General will
look

look favourably on this my
application and sanction the
consolidated allowance similar
to that allowed the Apothecary
of the Lying in Hospital.

Sir.

In reference to your letter no 6073
dated 24 Nov, on the letter herewith returned,
I have the honor to remark that I think
it would be but fair if the Apothecary
at the Hospital for Women & Children was
given a special allowance for the extra
work he has in lecturing to and instructing
the Nurse Pupils in the subject of Sick-
nursing

2. At present he receives Rs 5/- per
month for each Military Pupil but
there are usually not more than 2 or 3
of these at one time under instruction.

3. At the Lying in Hospital, the Senior
Apothecary receives a consolidated
allowance of Rs 50/- per month for

lecturing to and instructing
the pupil midwives and no extra
allowance for Military Pupils. But
in addition to the actual teaching
he has subordinate charge of the
Nurses' Register and full correspondence
in connection with the Nurse-Pupil
Class, the drawing of their pay and
their postings &c.

4. If the financial pressure
permits, I am of opinion that the Apothecary
in charge of the Hospital for Women and
Children should have an extra teaching
allowance of Rs 25/- per month, but I
should mention at the same time
that 3 or 4 pupils are always under
instruction at the Native Infirmary,
and that an extra allowance given to the
Apothecary at the Hospital for Women would
afford a precedent for a similar claim
from the Apothecary at the Native Infirmary.

In haste.

No 6184.

The application will be put on record for future
attention when practicable; but the Surgeon General is
of opinion that at present it is impossible to ask the Govt.
to grant it. Sd/ D. F. Dymally M.D. Secy.

October 1890 from the Surgeon General with
the Government of Madras recommending
the grant of a teaching allowance of Rs 50
to the Apothecary attached to the Women
and Children's Hospital, I have the honor
to annex a statement shewing the Pay and
allowances passed at present to the Apothec-

in its Order No. 1222, Public, dated the 8th of June 1884, as remuneration for the extra duty of teaching Midwifery to the Class of female pupils under training in that institution.

3. As the application from the Apothecary attached to the Women and Children's Hospital is for similar duties performed by him in the latter hospital, it is for Government to determine whether the Extra allowance which is also recommended by the Surgeon-General should be granted or not. Should it be decided in favour of the application, the usual Proposition Statement accompanied by the Statement prescribed in Rule 6, Chapter 9 of the Civil Account Code will have to be furnished by the Surgeon-General.

4. The fee of Rs 5 per each military pupil under training now recovered from the Military Department and paid to the Apothecary will be credited to the Civil Department from the date on which the consolidated allowance of Rs 50, if sanctioned, takes effect.
