Notes for the Curator

In submitting P. 879 Min
316-XII-90 for the Curator's inspection
I beg to invite attention to the loss of half
the page which contained the top 26 letters
in orig. which was disposed of by that
Go. This was received back in this
condition from the Secretariat yesterday.
The clean torn edge at the foot of the
the page further testifies to the fact that
the work of destruction was quite recent,
due, no doubt, to the careless handling
by the Secretariat's clerical and attention staff
of the Secretariat. They may, it is sub-
suggested, be encouraged in future to
take better care particularly of old and
slightly damaged originals before it
goes into a habitual sink.

It is submitted that a D.O.
from the Curator to the ^(Asst. or the) Under-Sec-
-tary will have a good effect.
