OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

Fort St. George, 4th December 1889.

No. 375

From

G. B. Esq. M.C.S.E.

THE SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

FORT ST. GEORGE,

To

THE

Chief Secretary to Government

Public Department

SIR,

In reference to G. O. No. 910 dated the 13th November 1889, I have the honor to forward for the information of Government the accompanying letter from the Principal Medical Storekeeper Madras showing in detail the careful arrangements adopted at the Depot for sending out Medical Stores.

2. Para 5 of Brigade Surgeon Mr. Vithal's letter requires consideration in the Military Department. The entry in the revised Price List supplied by the Medical Examiner seems to be opposed to G. O. No. 1828 Military dated 30th March 1889.

I have the honor to be,

Sir,

Your most obedient Servant,

G. B. Esq. M.C.S.E.

Surgeon-General with the Govt. of Madras.

No. 2196

Enclosure 1

Subject

Submitting a brief
account of the present
system of putting up
and packing Med. Stores
supplied from this
Depot.

Pub. 3800 of 89
260997/11-2-90

incurs during the last few months, only 25 breakages with loss of contents were reported, or a percentage of less than one half percent and but 9 cases of leakage from stoppers or corks loose, a total loss of about one half percent; when breakages are reported, the contents lost are made good by a second issue, unless the loss is of so trifling a nature as to be not worthy of Carriage.

3. Empty phials and bottles suffer most during transit.

4. In estimating the loss to Govt. through breakages, it must be remembered that though the breakages in transit are trifling, the breakages, while washing bottles, bottling, corking and removing stoppers from bottles containing acids ~~are~~ in the stores, while preparing for these incurs, must, where tens of thousands of bottles are dealt with, be considerable.

5. In former price lists supplied by the Examiners of Medical Accounts, a charge of 20 percent is noted as cover for "deterioration and other charges", but in the revised price list just received, no mention is made of this - the following entry being substituted "The rates for English articles are the English invoice rates at par plus 10 percent for packing weight and landing charges".

I have the honor to be
Sir

Yours most obedt. Servt

No. 2196

GOVERNMENT MEDICAL STORES,

Madras, 28th Nov 1889

ENCL. /

From

THE PRINCIPAL MEDICAL STOREKEEPER,

To

THE *Secretary to the*
Surgeon General
with the Govt of Madras
Fort St George

Reference.

Re memo No 6420 of 25th Nov/89
Endorsed on Proceedings of Madras
Govt order dated 13th Nov/89 No 910.
Sir.

I have the honor, in answer
to above letter with reference, to inform
you that medicines, fluid and solids,
are issued from the Govt Stores, in
stoppered bottles (stoppers secured), in
corked bottles and phials (corks waxed
down), in Jars, in tins, in iron drums
and in Casks; these bottles &c are
rolled up in country tone and packed
with straw in deal wood Cases, barrels
&c; Acids are packed in stoppered
bottles, the stoppers well secured and
the bottle placed in tin casing made for
this purpose and tightly packed with
sawdust.

2. The breakage in transit and
consequent loss of contents are wonder-
fully few, as the packing is done by
experienced packers, many of whom have
been at this work for years. Out of 6000
issued
