No. 67

From

THE SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

FORT ST. GEORGE,

To

THE

Chief Secretary to Government
Public Department

SIR,

I have the honor to submit the enclosed correspondence and to request that sanction of Government may be obtained to the retrenchment issued by the Accountant General against Brigade Surgeon L.C. Nanney being withdrawn. 2. It will be seen from the correspondence that Dr. Nanney had an attack of Odontalgia and as himself and his assistant who were the only medical officers in the District were unable to relieve the pain he was permitted by this office to proceed to Madras and consult a professional Dentist. For this Dr. Nanney drew travelling allowances under the provisions of article 1247 Civil Service Regulations and also submitted the bill required by article 1249 in which the medical officer consulted has declared that the journey was in his opinion absolutely necessary. 3. The Accountant General bases his objection on the fact that article 1247 quoted alone only provides

provides for cases when there is no medical officer in the station, but it must be understood that when an officer suffers severely from a special malady and there is no specialist at the station and the local medical officers are unable to treat the case he must necessarily be dealt with according to the provisions of article 1247 or the object with which the rules has been framed is defeated. I trust that under the above circumstances His Excellency the Governor in Council will be pleased to authorize the Accountant General to withdraw the re-
-trenchment

I have the honor to be
Sir,

Your most Obedient Servant

W. J. F. Fildes
Surgeon General with the

The construction put on §§1247-1250 of the C.S. Regulations by the Surgeon General in para 2 of his letter seems rather wide. A case like the present one does not appear to have been contemplated when the rules were framed. §1247 applies to an officer compelled to leave his station where there is no medical officer and Kurnool can

scarcely be considered such a station. If Dr. De Dabek was a regular medical officer who has a toothache might apparently go to Madras to see the dentist and be paid his travelling allowance for so doing.
