Madras Railway Company
Traffic Manager's Office,
Madras 29 Jan 1891.

The Secy. & Manager,
Rayapetam.

Dear Sir,

Cholera in 6.45 Train of 19-1-91.

I beg to report for your information that on arrival at Erode of the 6.45 o'clock train of the 19th Instant, two native male third class passengers named respectively Veyyattumond and Alaidoo who held tickets from Kolar Road to Olavakode were discovered to have taken ill with cholera.

The other passengers travelling in the carriages in which the sick men were travelling were removed to other carriages and the sick passengers removed from the vehicle and made over to the Police by whom they were removed to the Government cholera camp for treatment, and the carriages detached from the train and disinfected according to rule.

On arrival of the same train at Podanur, two more 3rd class native passengers the first a native male from Kolar Road to Podanur, and the second an Allahomedan male child from Alldoras to Podanur were found to be affected with the disease. These were also removed and taken to the Government cholera shed. The carriage in which they were travelling was detached and disinfected at Podanur, and all four cases reported to the Sanitary Commissioner.

These and other cases which have occurred and which I will report in due course point to an outbreak of cholera at the Chandibung mines at the Holar Gold Fields; and steps have been taken by addressing the Collector as well as the Superintendent of Police concerned, with a view of preventing infected passengers coming on to our line, and the stationmaster of Holar Road warned to exercise great caution in respect to such people who may offer to travel by rail.

Yours faithfully,
H. Louis S. Cross,
Traffic Manager.
