papers sent up to show
this plan has been prepared,
it seems a good one & such
it might well be adopted
is decided to build a new
Children's Hospital on the
indicated. This question is
decided, understood, at
on Thursday.

The triangular block should
fairly be included in the
& the building be located
shown in black.

like to know what was
the cost of the
Hosp. at the time
to build on the place
the Pres. College
it is getting on
(in mind)

and 4, as the highest and best
 drained piece of ground viz.
 that parallel to the Pomona
 Road cannot be taken up.
 It is essentially necessary
 to the interests of the new Women
 and Children's Hospital that as
 much open ground as can possibly
 be made available should be left
 all round the new building, otherwise
 the salubrity and free circulation
 of air will be interfered with by the
 mutual proximity of the new Women
 and Children's Hospital and the
 Medical College.

I therefore strongly recommend
 that the Council will approve
 the new Hospital being constructed
 in accordance with the plan marked
 in black ink and permit the
 triangular piece of ground above referred
 to be appropriated.

OFFICE OF SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
Fort St. George, 10 December 1890.

No. 831

From

THE SURGEON

WITH THE

GOVERNMENT OF MADRAS,

FORT ST. GEORGE,

To

THE

Secretary to Govt
Public Department

SIR,

I have the honor to forward
for the consideration and
sanction of the Government the accompanying
plans and estimate amounting to
Rs. 5,43,500 for constructing the new
Women and Children's Hospital at Madras.
2. The plan of the building has
my approval. As regards the site
apart from the consideration of appearance.
I have the honor to represent that the
site included in the triangular piece
of ground east of the road leading
from A. to the "Poonamallee
Road" is suitable :-

- 1, as the site is too limited,
- 2, & the proximity of the thoroughfare referred to
- 3, as the site is suitable for the hospital
being erected near the Medical College.
