I am sorry I couldn't
reply to this note earlier owing
to the difficulty in tracing
papers on the subject in the
Record and Reference Depto.

(1) As regards the terms
under which Messrs. Meggibotham
& Co sell for us the Record
Depto. have not been able to
put up any G.O. which applies
to all publications. The 25
per cent fixed in G.O. 18
August 1863, No. 1327, and
8 April 1876, No. 682, in
particular cases seems to have
been applied to all cases.
In August 1882 (G.O. No. 735)

Messrs. H & Co were allowed a
discount of 10 per cent on
all publications purchased
from the Govt. Press.

They appear to have the
following still on sale:-

 in the case of the Indian

The Reference Dept. here
 have not been able to trace
 any papers regarding this
 question which it is said
 was raised before in Mr

As I have had to go to

 speak to Mr. Hill on the
 subject. He is much against
 continuing the present practice
 of having Govt. publications etc.

Office Note

[The Superintendent Government Press submits the following for the consideration of the Chief Secretary to Government:-

On the suggestion of Mr Sewell, the Government were pleased to order that Messrs. Higginbotham & Co. were to be the publishers of his book "List of Antiquities, Madras", Vol. I & II and on Dr Burgess's suggestion, Messrs Higginbotham & Co. were made publishers of Dr Hultzsch's "South Indian Inscriptions, Tamil and Sanskrit." The undersigned would point out that, had their books been published by the Superintendent Government would have saved the commission charges on these works; he would suggest that in future the Superintendent should be made the publisher of all Government publications printed at this press.

2. In G.O. of 11th August 1882, No. 735 Public, Government were pleased to sanction a 10 per cent discount on all publications purchased by Messrs. Higginbotham & Co. from the Government Press. Recently two native publishers have enquired if the same concession would be given to them as is given

to Messrs Higginbotham & Co. The undersigned submits orders as to whether this concession is to be made to other publishers in Quebec when applying for copies, or whether the discount now allowed to Messrs Higginbotham & Co. should be discontinued, their constituents being referred to the Superintendent for copies required.

Office Note

In reply to reference on No. 3382 of 1890., Public Department, the undersigned submits that it will be seen from the accompanying list of publications on sale at the Govt. Press, that the public do come, or send, to the press for all official publications; his reference only applies to such special publications as are printed for Govt. officers at the Govt. Press and are sold to the public in the presidency. The sale of educational works under the orders of the Director of Public Instruction, ~~and~~ the books not printed at the Govt. Press for which special arrangements are made for their sale, are not included in this reference.

2. As regards the allowance of 10% discount on purchasing acts and other publications from the press, the undersigned thinks it should be abolished - —
Formerly the sale department of

the press was but little known and no doubt it was a convenience to the public to apply to Messrs. Higginbotham & Co., but now that this is changed and applications from Messrs. Higginbotham & Co. are but few during each year, the reason for continuing this concession does not exist, nor is it necessary to concede it in the case of the occasional applications made by the other booksellers in the town of Madras. The book sellers can refer purchasers to the Govt. Press as is done by the Superintendent, when applications are made for books issued by private publishers.

I think that all Govt. publications should be published & sold at the Govt. Press. The prices are always fixed so as just to cover cost of printing & paper, and therefore differ from trade prices on which publishers are accustomed to give trade discounts. Lists of books available at the Govt. Press are published in the Govt. Press. If bookselling firms want to get them for their customers they can do so from the Press and charge their customers commission. People wanting the books can if they like write direct to the Govt. Press. I would therefore abolish all these discounts. Certainly if allowed to run firms they should be allowed to sell.

In the first of the above comments the Surgeon General submits for approval a distribution list of Dr. Maclelland's Thesis on Elephantiasis, the printing of which at the Govt. Press was sanctioned in G.O. No. 4 of 5. 1. 91. He also proposes that the sale of the ^{work} ~~book~~ should be put into the hands of Messrs Higginbotham and Co.

2. The distribution list appears adequate except that 20 copies might be sent to the Secretariat Library for preservation to other Governments and ~~for submission to~~ the Secretary of State, and for stock.

3. With reference to the second point - the sale of the book by Messrs Higginbotham and Co. attention is solicited to the remarks of the Supdt. of the Govt. Press in C.
