Of the three applications for the old District Munsif's Court House at Karur submitted by the Collector of Coimbatore with his letter read above, H.E. the Governor in Council considers that from the Repd. Mr. Little the most deserving of consideration. - (1) ~~that it is~~ kept in proper repair;
- (2) ~~that it is~~ used only for the purposes of the Industrial School;

I would allow the use of the building to be little, but as condition that it is kept in repair, used only for the purpose of the industrial school, and handed back if demanded on six months notice. I don't see reason to give it absolutely.

The Taluk board proposal seems made in view of the immediate payment of Rs 300. The building is too good for a D.P.W. not home & I don't see what they want of a not home then.

For Orders as to which of the three proposals of the Collector of Combarum in his letter No. 22 dated 13th January 1891, ~~and~~ regarding the disposal of the old court house of the District Municipality at Karur should be accepted.

which they propose to use as a Travellers Bungalow. Travellers halting at Karur are now put to considerable inconvenience for want of suitable accommodation open to the public. It is not usual to allow free quarters to the medical officers in charge of Hospitals, and the municipality have no claim to the free gift of a building for which an adequate rent should be charged. The case of a Travellers Bungalow is different as any fees which can be charged will not do more than cover the cost of upkeep.

he has a claim on the consideration of Government on account of the work he has done in connection with the Famine orphans he took over from the Government relief camps. In this view I concur and it will also be noted that the Famine orphan School has developed into a technical industrial institution which he is anxious to see utilized by the general public, and to which the District Board have recently allotted a few scholarships. The application for a money grant referred to by Mr. Little was refused in G. O. dated 14th December 1887, No. 7705, Rev.

3. If the Government does not see fit to adopt my recommendation ^{the} building he made over ^{to} him, I request that it may be given to the Taluk Board to be exchanged for the Bungalow which

School which has grown out of the Famine orphanage established by him at Larur. An alternative proposal that the municipality should make over to him the present High and Primary Schools and ask Government for the Court building and compound in exchange, was not approved by the Municipality.

(2) The Taluk Board applies for the Court house with the view of exchanging it for a Bungalow on the Vangal road which can be used as a Traveller's Bungalow.

(3) The Larur Municipal Council submits a proposal that the old Court house should be taken over by the Public Works Department instead of the present Public work Rest house, the latter being made over to the Council for conversion into quarters for the medical officer in charge of the Municipal Dispensary.

The Reverend Mr. Little writes that he
