In reply to your letter of the 11th inst
I beg to submit the following explanation
For the first week of my riding course I
was put among my own set of civilians
as I had not done any riding without
stirrups I found it very difficult at
first. One day Captain Kerrich asked me
to fall out and join the class consisting
of recruits. A few days after I was asked
to join my own set; Captain Kerrich used to
come to see us once a week. One day he
sent me down again to the class of recruits
here I was getting on very well as the
Instructor in charge of the school
told me but for a month Captain

... I did not come to see me at all. All the civilians of my set were discharged except myself and Eluri who were ordered to ride with Skirrup henceforth. The first day I did not get into a good position but I was all the while doing my best to do so. Captain Herrich came almost at the very end of the lesson to inspect us, I was ordered to fall out. Every day the Captain came to see us, I was ordered to fall out without being given a chance of improving myself. I was never told by Captain Herrich what was wrong with my riding before being asked to fall out. On March 2nd I was again asked to ride without Skirrup for a month more. This I thought was pushing me back and I therefore told the Native Officers that I would see the President of the Board of Examiners. I did not leave the school without permission, I did I begu refuse to be a teacher a 4 of

was even greater than that I had been
in the middle. Captain Kerrich got
very angry although I gave him ^{the} best
reason for not being able to ride.

In conclusion I beg to state that I am riding my horse fairly well, and even for considerable distances. If I had not been asked to change my classes, I should have long ago qualified myself like the rest.
