2. It will be observed that as the statistics of Cotton Cultivation are prepared for the Fashi year ending with June 30, it would be impossible to furnish the return within the date prescribed by the Government of India, viz. July 1st. The fashi year is of necessity selected for this report, as the crop is not harvested in some parts of the country until some time after the close of the official year.

3. I am now directed to point out that the Board has in the order of June 26, 1891, alluded to in para 1 of this letter, been instructed to submit the return in question direct to the Government of India and I am to say that in the opinion of His Excellency the Governor in Council the date for its submission proposed in the

Board's
