Government of Madras.

MILITARY DEPARTMENT.

Fort Saint George, the 14th November 1890.

Read the following papers—

Memorandum to the Quartermaster General, N^o. 6438, dated 15th October 1890.

From the Quartermaster General, to the Secretary to Government, Military Department, N^o. 837-M. W., dated Colaciamund 8th November 1890.

In returning as requested the plan of the ground floor of the Secretariat buildings in Fort Saint George forwarded with your Memo N^o. 6438, of the 15th ultimo, I am desired, in reply, to state that sanction was accorded to the demolition of the grand magazine with the special object of giving better ventilation to the Barracks and the General Officer Commanding Madras District who was communicated with on the subject is of opinion

opinion that this object would be entirely frustrated if lavatories and water closets &c. as proposed in (A) para 4 of the Memorandum on the Sanitary condition of the Secretariat buildings, were erected on the site referred to. The Principal Medical Officer Her Majesty's Forces, Madras, and Southern Districts is also strongly of opinion that the site in question should not be built upon as the ground lies to windward of the Barracks and the erection thereon of buildings of the description contemplated would not only impede the free circulation of air, but would in all probability materially affect the health of the troops.

2. In the face therefore of the above opinions in which the Commander-in-Chief entirely concurs His Excellency regrets that he is unable to accord his approval to the vacant site in question being utilized in the manner previously described.

Order.— Communicated and the plan returned to the Public Department, with reference to the suggestions contained

in

in (A) para 4 of Surgeon Major W. G. King's memorandum on the Sanitary condition of the Secretariat buildings.

Public Department.

SIR,

I have the honor, with reference to G.O., dated 30th October 1890, No R 1153, Public Department, to request that the correspondence which has followed on that order & copy of which is attached may be sent to the Military Dept. for further orders.

2. In forwarding this correspondence I desire to point to the continually varying arguments used by the Assistant Adjutant General, Madras District against my being allowed to use the stables in question.

(1) The District orders issued under the signature of Major Porteous says the stables set apart in Fort St. George for

be taken up permanently by the Officers to whom they are allotted.
