**To His Excellency The Right Honourable The Governor
in Council, Fort St. George.**

MY LORD,

With the view of making the publications of the several Governments in India more widely known in this country than has hitherto been the case, I have determined to have printed and widely circulated, both at home and abroad, lists of the more important works which may be likely to interest the public generally. These, it is intended, shall be amended and issued half yearly.

2. The first of these lists, which, so far as the more important Indian Government publications not on sale at this Office are concerned, has been compiled from the notices in the several Indian Gazettes, is no doubt in that respect somewhat incomplete. Five copies of this list are enclosed herewith for your Excellency's information; and, with a view to the issue of another similar list in June next, I shall be glad if your Excellency will give instructions that I may be furnished, not later than the month of May next, with an amended list of the more important publications now on sale and issued by your Government.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

Love
