No. *114*

FROM

C. J. LYALL, Esq., C.I.E.,
Secretary to the Government of India.

To

The Chief Secy. to the Govt. of Madras.

Home Department.
Medical.

SIR,

Wt
Calcutta, the 13th March 1891.

As some difficulty has been experienced in consequence of the refusal to enter Government service of students who have received medical instruction either wholly or in part at the expense of the State on the condition of their entering Government service after qualifying as Assistant Surgeons or Hospital Assistants, I am directed to enquire whether it is the practice in *The Madras Presidency* to execute security bonds with such students, or, in the case of minors, with their lawful guardians on their behalf, at the commencement of their course of study, binding them, in the event of their being successful in qualifying for that branch of the Subordinate Medical Service for which they intend to study, to serve the Government for a definite period.

The Governor General in Council is of opinion that, if this is not already done, an agreement to the above effect should be taken from students whose education at a medical institution is aided by Government, at the beginning of their career at that institution, as it will obviously be too late to attempt to enforce service after the completion of their course of study.

If an agreement such as that *usually taken*, I am to request that a copy of the form prescribed *by the Madras Presidency* may with the permission of *the Government* be forwarded for the information of the Government of India.

I have the honour to be,

SIR,

Your most obedient Servant,

J. P. Hewitt

For Secretary to the Government of India.

The Govt. of India will be addressed

Letter to The Secretary to the Govt. of
India, Home Dept.

With Copy
Myrmel 5

Sir,

I am directed to acknowledge the receipt of your letter No. 114, dated 13th March 1891 enquiring whether it is the practice in this Presidency to execute security bonds with students who receive Medical instruction at the expense of the State, or in the case of minors with their lawful guardians on their behalf, at the commencement of their course of study binding them in the event of their default in attendance.

214
 said. In reply, I am directed to state that up to the end of 1889 it was the practice in this Presidency to execute such bonds in the form of which a copy is annexed, binding the students to serve Government for a period of 7 years. Since the promulgation, however, of Home Dept. Resolution No. $\frac{2}{133-144}$ of 5th March 1889 these bonds have been executed at the completion instead of at the commencement of the course of Medical Education in the form adopted has been that circulated with the above resolution under which the period of service has been fixed at 5 years.

2. If the Govt. in Council would, I am to say, welcome a return to the practice formerly existing in this Presidency and as if it will be necessary, if this change is made, to call upon the several Civil students recruited since 1889 to execute their bonds at once, I am to request the favor of early orders in the matter.

C. No 1265

Municipal Commissioners' Office,

Madras, 3^d December 1899.

From Col: C. A. Denison
President Municipal Commission
Madras.
To The Honble R. S. Ellis C.B.
Chief Secretary to Government
Fort St. George

Sir,

I have the honor to request that you will be so good as to bring to the notice of His Excellency the Right Honble the Governor in Council, that the sewage from the East Wing? Wines of the Serampore Barracks is now discharged into the Clarendon close to European residences. In July last, when the water in the Nullah dried up the sewage collected in pools in the bed and gave out foul fumes. With the view of removing this nuisance I applied to the Superintending Engineer of the 4th Division, to know whether he could lead

lead the sewage into the Municipal farm; and in reply was told that it would cost 37,000 Rs. As it could not be expected that ~~the Government~~ would incur this expense, I took no further action in the matter.

2 It is now brought to my notice by Mr. Lee, that a plot of ground in Perambore bearing Revenue No. 59 which contains 8 Canals 16 grounds and 496 sq. ft. is most conveniently situated for utilizing this sewage.

3 The plot of ground in question is the property of Government, and is at present overgrown with prickly pears. The residents of the neighbouring houses have often complained that this vegetation affords

affords shelter for snakes, which frequently find their way into the dwelling houses; that nuisances are committed under cover of them, and that the locality is rendered unhealthy by them. I have therefore the honor to request that His Excellency may be moved to order the ground to be cleared of prickly pears, and then made over to the Municipality for the utilization of the Left Wing sewage on it.

4 The cost of conducting the drainage of the Barracks to the ground, which is not far from the present out-fall, will form an item of Government expenditure and will be executed by the Municipality if required.

5 Enclosed is a plan showing the ground.

I have the honor to be Sir,

Your most Obedt. Servant
Charles Dennis,
President of the
Municipal Commission
