I have the honor to state that I was transferred to this District from Kistna on the 10th January 1891 to complete my training. Some time after I joined the District I was attacked with fever which prevented me at the end of March last, I was obliged to return to Hyderabad on leave, on the advice given by the Civil Surgeon here for recovery from the sickness. The Commission asked me one month's leave, but I desired to be allowed longer, hoping I had returned on the 1st instant. It being now the 10th April I am sorry to find that no progress has been made.

...the little heat the
remains in an already weakened
frame. I am now worse than
ever in health and have no hope
of being free from the fever, while
I remain here, in this district,
the climate of which does not
at all agree with my Constitution.
The Civil Surgeon, Chittoor, who
attends on me is of the same opinion
and has given me a Medical
Certificate as to the present state
of my health and as to the ad-
visability of a change to a cooler
climate. If deemed necessary, a
reference may be made to that
Officer.

2. I have, therefore, the honor to
request that you will be good
enough to obtain the sanction
of Government for my transfer
to an healthier and colder
District. The sooner I am trans-
ferred, the greater will be the good
done to my health, as I am

every day feeling very much
in my health.

Submitted. To Comptroller is
most unhealthy. The Civil
Surgeon has had fever badly; his
wife has had to leave on account
of it. The European midwife & her
child & the Railway Engineer's wife
have all had it badly. The child of
my butler has died of it. My butler
& several of the servants have been
completely prostrated with it. I
have lately had to get 3 new ser-
vants from Madras on this account.
The Government house in which
I live ought to be condemned as
unfit for habitation. There are only
two houses in Chittoor in which it is
safe to live.

Sir,

I have the honor to inform you that I am suffering from fever and other symptoms since from the date of my return and that the Civil Surgeon has given me a medical certificate for one month. He has now left the place for Madras and has written to me that it would be advisable to leave and go to a place where the temperature is low and that these treatments may be put in. I herewith enclose the medical certificate and beg to state that I am leaving the station to day in anticipation of your sanction.
