GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

Despatch from the Right Honorable Lord CROSS, Her Majesty's Secretary of State for India, to His Excellency the Most Honorable the Governor-General of India in Council, dated India Office, London, 20th November 1890, No. 101 (Statistics).

On many occasions the Government of India have been asked by my predecessors and myself to expedite the punctual submission of the several Administration and Departmental Reports from the different Provinces, Administrations, and Departments. Not only are these reports required for early submission to the Secretary of State in Council, but they are also necessary for the compilation of the Report on the Moral and Material Progress of India.

2. The law [21 & 22 Vict., cap. 100, section 53] requires that the Statement of Moral and Material Progress of India shall be laid upon the table of both Houses of Parliament by the 14th May. Last year that statement was not printed and issued until the end of August; and though the statements were published earlier in 1889 and in 1890 than in previous years, still the provisions of the Act were not fulfilled. I have now directed that in 1891 and thereafter the complete manuscript of the Moral and Material Progress Report shall be sent to the printer not later than the 15th March, so that copies may be laid before Parliament early in May. In order that this instruction may be carried out, it is absolutely necessary that administration reports and departmental reports should be sent home punctually and without fail.

3. At present, the 15th December is prescribed as the latest date for the submission of the Provincial Administration Reports; and Viscount Cranbrook's despatch, No. 181, dated 17th October 1878, directed that "one copy at least of all administration reports, and of all other important annual reports, should be supplied to the India Office by the first post after they are printed." In my despatch, No. 84, dated 6th December 1888, I drew attention to the extreme unpunctuality of some of the administration reports, and the reports for 1888-89 were more punctually submitted. But I find that in some cases the yearly departmental reports reach the India Office very late, and in other cases they are not sent at all. I annex a memorandum * showing a few cases of the sort of delay or failure to which I draw attention.

* (Not printed.)

4. I now request that fresh injunctions may be sent to each Local Government and to Departments directly † under your Excellency's Government instructing them to send to the India Office, by the very first post (book post, not parcel post) after the report is printed, two copies of each

† e.g.,—
Trade Department.
Northern Salt Department.
Postal Department.
Telegraph Department.

Administration Report,
Departmental Annual Report.

One of the two copies should be addressed to the Secretary at the India Office in the department * to which the report may pertain, and the second copy should be addressed to the Secretary at the India Office in the Revenue and Statistics Department, who is charged with the duty of preparing the Moral and Material Progress Report.

The several Departments at the India Office are—
 The Political. The Judicial and
 The Financial. Public.
 The Military. The Revenue and
 The Public Works. Statistics.

5. It is unnecessary for me to recapitulate the several annual departmental reports which I require. It will be enough if the several Local Governments and Departments are instructed to send home two early copies of every printed annual report for any department. The copies should come home separately, as such reports, when included in bulky volumes of Proceedings, are inevitably liable to be overlooked.

No. 101.

To His Excellency the Most Honourable the Governor General of India in Council.

MY LORD MARQUIS,—On many occasions the Government of India have been asked by my predecessors and myself to expedite the punctual submission of the several Administration and Departmental Reports from the different Provinces, Administrations, and Departments. Not only are these Reports required for early submission to the Secretary of State in Council, but they are also necessary for the compilation of the Report on the Moral and Material Progress of India.

2. The Law [21 & 22 Viet., cap. 106, section 53] requires that the Statement of Moral and Material Progress of India shall be laid upon the table of both Houses of Parliament by the 14th May. Last year that Statement was not printed and issued until the end of August; and though the Statements were published earlier in 1889 and in 1890 than in previous years, still the provisions of the Act were not fulfilled. I have now directed that in 1891 and thereafter the complete manuscript of the Moral and Material Progress Report shall be sent to the printer not later than the 15th March, so that copies may be laid before Parliament early in May. In order that this instruction may be carried out, it is absolutely necessary that Administration Reports and Departmental Reports should be sent home punctually and without fail.

3. At present, the 15th December is prescribed as the latest date for the submission of the Provincial Administration Reports; and Viscount Cranbrook's Despatch No. 181, dated 17th October 1878, directed that "one copy at least of all Administration Reports, and of all other important annual reports, should be supplied to the India Office by the first post after they are printed." In my Despatch No. 84, dated 6th December 1888, I drew attention to the extreme unpunctuality of some of the Administration Reports, and the Reports for 1888-89 were more punctually submitted. But I find that in some cases the yearly departmental Reports reach the India Office very late, and in other cases they are not sent at all. I annex a memorandum* showing a few cases of the sort of delay or failure to which I draw attention.

* (Not printed.)

4. I now request that fresh injunctions may be sent to each Local Government and to Departments directly under your Excellency's Government, instructing them to send to the India Office, by the very first post (book post, not parcel post) after the Report is printed, two copies of each

E.g.—
Trade Department.
Northern Salt Department.
Postal Department.
Telegraph Department.

Administration Report,
Departmental Annual Report.

One of the two copies should be addressed to the Secretary at the India Office in the Department† to which the report may pertain, and the second copy should be addressed to the Secretary at the India Office in the Revenue and Statistics Department, who is charged with the duty of preparing the Moral and Material Progress Report.

† The several Departments at the India Office are,—
The Political.
The Financial.
The Military.
The Public Works.
The Judicial and Public.
The Revenue and Statistics.

5. It is unnecessary for me to recapitulate the several annual Departmental Reports which I require. It will be enough if the several Local Governments and Departments are instructed to send home two early copies of every printed annual Report for any Department. The copies should come home separately, as such Reports, when included in bulky volumes of Proceedings, are inevitably liable to be overlooked.

No. 101.

To His Excellency the Most Honourable the Governor General of India in Council.

MY LORD MARQUIS.—On many occasions the Government of India have been asked by my predecessors and myself to expedite the punctual submission of the several Administration and Departmental Reports from the different Provinces, Administrations, and Departments. Not only are these Reports required for early submission to the Secretary of State in Council, but they are also necessary for the compilation of the Report on the Moral and Material Progress of India.

2. The Law [21 & 22 Vict., cap. 106, section 53] requires that the Statement of Moral and Material Progress of India shall be laid upon the table of both Houses of Parliament by the 14th May. Last year that Statement was not printed and issued until the end of August; and though the Statements were published earlier in 1889 and in 1890 than in previous years, still the provisions of the Act were not fulfilled. I have now directed that in 1891 and thereafter the complete manuscript of the Moral and Material Progress Report shall be sent to the printer not later than the 15th March, so that copies may be laid before Parliament early in May. In order that this instruction may be carried out, it is absolutely necessary that Administration Reports and Departmental Reports should be sent home punctually and without fail.

3. At present, the 15th December is prescribed as the latest date for the submission of the Provincial Administration Reports; and Viscount Cranbrook's Despatch No. 181, dated 17th October 1878, directed that "one copy at least of all Administration Reports, and of all other important annual reports, should be supplied to the India Office by the first post after they are printed." In my Despatch No. 84, dated 6th December 1888, I drew attention to the extreme unpunctuality of some of the Administration Reports, and the Reports for 1888-89 were more punctually submitted. But I find that in some cases the yearly departmental Reports reach the India Office very late, and in other cases they are not sent at all. I annex a memorandum* showing a few cases of the sort of delay or failure to which I draw attention.

* (Not printed.)

4. I now request that fresh injunctions may be sent to each Local Government and to Departments directly† under your Excellency's Government, instructing them to send to the India Office, by the very first post (book post, not parcel post) after the Report is printed, two copies of each

Administration Report,
Departmental Annual Report.

One of the two copies should be addressed to the Secretary at the India Office in the Department‡ to which the report may pertain, and the second copy should be addressed to the Secretary at the India Office in the Revenue and Statistics Department, who is charged with the duty of preparing the Moral and Material Progress Report.

5. It is unnecessary for me to recapitulate the several annual Departmental Reports which I require. It will be enough if the several Local Governments and Departments are instructed to send home two early copies of every printed annual Report for any Department. The copies should come home separately, as such Reports, when included in bulky volumes of Proceedings, are inevitably liable to be overlooked.

I have, &c.,

PUBLIC DEPARTMENT.

Read—the following paper :—

Despatch from the Right Honorable Lord CROSS, Her Majesty's Secretary of State for India, to His Excellency the Most Honorable the Governor-General of India in Council, dated India Office, London, 20th November 1890, No. 101 (Statistics).

On many occasions the Government of India have been asked by my predecessors and myself to expedite the punctual submission of the several Administration and Departmental Reports from the different Provinces, Administrations, and Departments. Not only are these reports required for early submission to the Secretary of State in Council, but they are also necessary for the compilation of the Report on the Moral and Material Progress of India.

2. The law [21 & 22 Vict., cap. 106, section 53] requires that the Statement of Moral and Material Progress of India shall be laid upon the table of both Houses of Parliament by the 14th May. Last year that statement was not printed and issued until the end of August; and though the statements were published earlier in 1889 and in 1890 than in previous years, still the provisions of the Act were not fulfilled. I have now directed that in 1891 and thereafter the complete manuscript of the Moral and Material Progress Report shall be sent to the printer not later than the 15th March, so that copies may be laid before Parliament early in May. In order that this instruction may be carried out, it is absolutely necessary that administration reports and departmental reports should be sent home punctually and without fail.

3. At present, the 15th December is prescribed as the latest date for the submission of the Provincial Administration Reports; and Viscount Cranbrook's despatch, No. 181, dated 17th October 1878, directed that "one copy at least of all administration reports, and of all other important annual reports, should be supplied to the India Office by the first post after they are printed." In my despatch, No. 84, dated 6th December 1888, I drew attention to the extreme unpunctuality of some of the administration reports, and the reports for 1888-89 were more punctually submitted. But I find that in some cases the yearly departmental reports reach the India Office

very late, and in other cases they are not sent at all. I annex a memorandum* showing a few cases of the sort of delay or failure to which I draw attention.

* (Not printed.)

4. I now request that fresh injunctions may be sent to each Local Government and to Departments directly† under your Excellency's Government instructing them to send to the India Office, by the very first post (book post, not parcel post) after the report is printed, two copies of each.

† e.g.,—

Northern Salt Department.
Postal Department.

the department * to which the report may pertain, and the second copy should be addressed to the Secretary at the India Office in the Revenue and Statistics Department, who is charged with the duty of preparing the Moral and Material Progress Report.

5. It is unnecessary for me to recapitulate the several annual departmental reports which I require. It will be enough if the several Local Governments and Departments are instructed to send home two early copies of every printed annual report for any department. The copies should come home separately, as such reports, when included in bulky volumes of Proceedings, are inevitably liable to be overlooked.

Order dated 28th November 1893, No 515, Political

Recorded.

2. The following procedure will be followed as regards the reviews by this Government on administration reports of Native States.

(1) All reviews will be prepared in book form and will not be incorporated in the monthly proceedings.

(2) When it is considered that any portions of a review should be treated as confidential, two editions will be printed one containing the complete review and the other that intended for general publication. Each copy of the former will be bound in a pink paper cover and stamped "confidential copy", the words "published by authority" and the price being omitted from the cover: the latter set, which will exclude all portions not intended for the public, will be bound in a blue paper cover, the words omitted from the cover of the pink copy, viz, "published by authority" and the price, being entered in the usual way. The portions omitted in the blue copy will be marked in the confidential or pink copy by the marginal remark "omitted in published copy".

3. Thirty-five copies of the non-confidential edition will be sent to the Under Secretary of State for India and one marked "advance copy", to the Secretary in the Revenue and Statistical Department, India Office. When there is a confidential edition, two advance copies of it will be despatched under formal covering letter to the Secretary, Political and

Secret Department, India Office.

Four copies of the confidential edition when there is one- otherwise of the non-confidential edition will be sent to the Government of India, Foreign Department, for information.

From the Government of India, Home Department, No.

52, dated the 9th September 1897:—

Mr. Lee-Warner writes demi-officially to say that 6 copies of the fortnightly abstracts of vernacular newspapers sent to the India Office are not sufficient for its use and asks that 8 copies may be supplied in future. I am accordingly to request that arrangements may be made for the supply of 8 copies of the abstracts instead of 6 as at present. Official orders on the subject will be issued when we hear officially from the India Office.
