From the above statement it will be observed that the year under report was a bad one throughout. The institution was worked at a great disadvantage so far as the price of rice was concerned. The average difference in price between 1888-89 and 1889-90 was one measure and a quarter per month, but that between 1889-90 and 1890-91 is 3 $\frac{3}{4}$ —exactly three times as much. It is feared that prices will continue to rise so long as rain keeps away from us. As a precautionary measure, no fresh admissions are being made.

4. There were 3,767 paupers, against 3,590 in 1889-90, and the average expenditure per mensem was Rs. 412-7-5, against a monthly average of Rs. 377-14-0 in the preceding year. Calculating the cost for each pauper per mensem, it is Rs. 1-5-0 against Rs. 1-4-2, or Pies 10 in excess of the rate in the preceding year.

5. The following is an abstract statement of the number of paupers to whom relief in the shape either of cooked food, raw rice or money-dole was granted in the institution during the year:—

| Month and year. |      | Out-door paupers.      |                     |                                | Inmates or in-door paupers fed daily. | Total. |

|                 |      | ..                     | 3,516               | ..                             | 74                                    | 3,590  |

6. The total number of out-door paupers receiving relief in the shape of cooked food, raw rice and money-doles was 3,648, giving a monthly average of 304 against 3,516, or a monthly average of 293 in the preceding year. The number of inmate paupers who received cooked food twice a day as well as clothing once a year was 119 against 74 in the previous year. It will be observed that there has been an increase in the number of paupers under all heads, the only exception being that of money-dole paupers, where there has been a slight decrease of 8. During the whole year there has been an increase of 132 out-door paupers, raising the total to 177 paupers, and the increase in the total expenditure has been about Rs. 429.

7. Under the head of contingent charges there has been an increase of Rs. 21-7-11 compared with the preceding year. This is owing to the death of 3 inmates whose funeral expenses had to be incurred and the cost of clothing for 5 female inmate paupers against 2 in the preceding year.

8. The decrease of Rs. 60 in the cost of the establishment or servants' wages is owing to non-employment of a peon.

## 9. The following shows the casualties and admissions during the year :—

|                                | Deaths. | Transfers,<br>dismissals. | Admissions. |

10. The cost of the distribution of raw rice to the Mussulman paupers nominated by the Paymaster of Carnatic Stipends under G.O., dated 7th November 1885, No. 788, Political, amounted to Rs. 597-1-3 as detailed below. There were 3 deaths, 5 admissions, 3 removals and 1 absentee pauper during the year :—

\* This amount was drawn from the Accountant-General on 4th May 1891. These paupers were mustered by the Paymaster, Carnatic Stipends, in March and April 1891; hence the delay in issuing the rice and drawing the amount due for them.

11. The number of Mussulman paupers of Mylapore and Triplicane who receive money-doles was on the 1st April 1890—

|                              | RS. | A. | P. |
|------------------------------|-----|----|----|
| 34 females receiving .. .. . | 65  | 0  | 0  |
| 1 male .. .. .               | 2   | 8  | 0  |

The number that stood on the rolls on the 31st March 1891 was—

|                              | RS. | A. | P. |
|------------------------------|-----|----|----|
| 32 females receiving .. .. . | 61  | 12 | 0  |
| 1 male .. .. .               | 2   | 8  | 0  |

One female pauper has been absent from the month of March 1890, and another female died on 7th April 1890.

From Colonel T. WELDON, C.I.E., Commissioner of Police, Madras, to the Chief Secretary to Government, dated Madras, 16th July 1891, No. 47.

With reference to memorandum, dated 9th July 1891, Public, I have the honour to furnish the following information :—

6. The cost of paupers nominated by the Paymaster of the Carnatic Stipends is met from lapsed pensions—*vide* G.O., dated 7th November 1885, No. 788, Political—and not from the funds of the Langarkhana; therefore, separate accounts are necessary. As separate allotments are made yearly for the money-doles of the Langarkhana paupers, and of the Mylapore and Triplicane paupers, therefore they are shown separately.

ORDER—dated 31st July 1891, No. 645, Public.

With the foregoing letter the Commissioner of Police submits the report on the working of the Triplicane Langarkhana for the year 1890-91. The subjoined abstract exhibits the transactions in one view during the last three years. The reasons of the principal differences are explained in the report.

2. The number of paupers on the rolls at the beginning of the year was the same as at the end of it, viz., 308. The average daily strength was 298·5. Owing to the price of rice having been high throughout the year, the cost of each pauper per mensem was Rs. 1-5-0, as against Rs. 1-4-2 in the preceding year and Rs. 1-4-6 in 1887-88. The statement in the report shows the difference in the price of rice—the staple article of consumption—in 1889-90 and 1890-91. Owing to there being no prospect of an improvement, it was found necessary to stop admissions to the Langarkhana, as a precautionary measure.

3. A sum of Rs. 597 was spent during the year—against Rs. 592 in 1889-90—on account of the Mussulman paupers nominated by the Paymaster, Carnatic Stipends. The maximum number (40) was entertained during eleven months of the year.

4. There were 33 paupers belonging to Triplicane and Mylapore, who received money-doles of Rs. 64-4-0, at the close of the year.

5. The Government considers that the report is satisfactory, and that the management of the Langarkhana is creditable to the Assistant Commissioner. In future a clear statement should be furnished showing the numbers in each class on the rolls at the beginning and end of the year, the numbers discharged, died and admitted, and the average daily strength.

**Triplicane Langarkhana.**

Reviewing the report on the — for the year  
1890-91.

3. The following statement shows the prices at which rice was purchased in each month of the 2 years under comparison.

| January   | 1891 | .. | .. | .. | 28 $\frac{3}{4}$ | 26 $\frac{7}{8}$      |
| February  | "    | .. | .. | .. | 28 $\frac{3}{4}$ | 27 $\frac{3}{4}$      |
| March     | "    | .. | .. | .. | 28 $\frac{1}{8}$ | 27 $\frac{3}{4}$      |
|           |      |    |    |    | 12) 369          | 12) 324 $\frac{1}{8}$ |

From the above statement it can be observed that the year under report was a bad one throughout. The institution was at a great disadvantage so far as the price of rice was concerned. The average price between 1888-89 and 1889-90 was one measure and a quarter per month, but between 1889-90 and 1890-91 it is 3 $\frac{3}{4}$ —exactly three times as much. It is feared that prices will continue to rise so long as rain keeps away from us. As a precautionary measure, no provisions are being made.

4. There were 3,767 against 3,590 in 1889-90, and the average expenditure per mensem was Rs. 412-7-5, a monthly average of Rs. 377-14-0 in the preceding year. Calculating the cost for each mensem, it is Rs. 1-5-0 against Rs. 1-4-2, or Pies 10 in excess of the rate in the year.

5. The following is a statement of the number of paupers to whom relief in the shape either of cooked food, or money-dole was granted in the institution during the year:—

| Month and year. |      | Out-door paupers.      |                     |                                | Inmates or in-door paupers fed daily. | Total. |

[These figures are all meaningless]

2. The number of paupers under review rose from 3,500 in 1889-90 to 3,767 in the year 1-4-6. The cost of each pauper rose from Rs. 1-4-6 in 1889-90 to Rs. 1-5-0, as against Rs. 1-4-2 in the preceding year. The price of rice—this element in the report shows the difference in to there being no presumption—in 1889-90 and 1890-91. Owing to the Langar measure, it was found necessary to stop admissions to the Langar.

3. A sum of Rs. 592 in 1889-90—on account of the Langar measure. The maximum number of paupers maintained during eleven months of the year.

4. There were money-doles of Rs. 1,393 to Triplicane and Mylapore, who received of the year.

5. The Government report is satisfactory, and that the management of the Langar is satisfactory, and that the management of the Assistant Commissioner. This is further a statement showing the numbers in each class on the rolls at the beginning and end of the year, and the average daily strength.

on the rolls at the beginning of the year was the same as at the end of it viz. 308. The average daily strength was 298.

b. The Cost of paupers, nominated by the Paymaster  
of the Carnatic Stipends is met from Lapsed pensions  
vide G.O. dated 7<sup>th</sup> November 1885, No. 788, Petition,  
and not from the funds of the Langarkhana,  
therefore separate accounts are necessary.

As separate allotments are made yearly  
for the money doles of the Langarkhana  
paupers, and of the Mylapore and Triplicane  
paupers, therefore they are shown separately.

|              | 12 369 27 3/4 | 12 324 7/8 27 |

From the above Statement it will be observed that the year under report was a bad one throughout. The Institution was worked at a great disadvantage so far as the price of rice was concerned. The average difference in price between 1888-89 and 1889-90 was one measure and a quarter per Mowth but that between 1889-90 and 1890-91 is  $3\frac{3}{4}$ , exactly three times as much. It is feared that prices will continue to rise so long as rain keeps away from us. As a precautionary measure no fresh admissions are being made.

4. — There were 3767 paupers against 3590 in 1889-90, and the average expenditure per Mensem was Rupees 412-7-5, against a monthly average of Rupees 377-14- in the preceding year. Calculating the cost for each pauper per Mensem it is Rupees 1-5-0 against Rupees 1-4-2, or, 10 pice in excess of the rate in the preceding year.

5. — The following is an abstract Statement of the number of paupers to whom relief in the shape either of Cooked food,

raw rice or money dole was granted in the Institution during the year.

| Month and year. | Outdoor paupers       |                    |                              | Inmate or indoor paupers per day | Total |

6 ——— The total number of Out-door paupers receiving relief in the shape of Cooked food, raw rice and money, doles was 3648 giving a monthly average of 304 against 3018, or a monthly average of 293 in the preceding year. The number of inmate paupers who received Cooked food twice a day as well as clothing once a year was 719 against 74 in the previous year. It will be observed that there has been an increase in the number of paupers under all heads, the only exception being that of money-dole paupers where there has been a slight decrease. During the whole year, there has been an increase of 132 Out-door paupers raising the total to 177 paupers and the increase in the total expenditure has been about Rupees 429.

7 ——— Under head of Contingent Charges there has been an increase of Rupees 21-7-11 compared with the preceding year. This is

owing to the death of 3 inmates whose funeral expenses had to be incurred and the cost of clothing for 5 female inmates against & in the preceding year.

8. — The decrease of Rupees 60. — in the cost of the Establishment or servants' wages is owing to non-employment of a person.
