GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—again the following paper :—

G.O., dated 13th September 1890, No. 639, Public.

ABSTRACT.—Sanctioning the trial of a scheme for the supply of Civil Procedure Code forms to Mofussil Courts by the Superintendent, Government Press.

READ—also the following paper :—

Office-note from R. HILL, Esq., Superintendent, Government Press, Madras, to the Chief Secretary to Government, dated Madras, 22nd July 1891, No. 2322.

With reference to G.O., dated 13th September 1890, No. 639, Public, the Superintendent, Government Press, submits the following report on the despatch of Civil Procedure Code forms to the District Courts.

2. In December 1890, the whole stock of forms with the Superintendent of Stationery, as well as the indents for compliance, were taken charge of, and a detailed indent form was sent to the 21 District Judges, and to the Collectors of the Godáviri, Ganjam and Vizagapatam districts, for filling up the probable number of forms required for the year 1891-92. The indents were promptly returned and the forms were despatched by the 31st March 1891, excepting the new forms asked for; these have since been printed and despatched. The new forms printed were in half and quarter sheets as directed in G.O., dated 4th December 1890, No. 908, Financial, and as the stock becomes exhausted, all the forms will be altered to these sizes.

3. As there is a large balance of forms on hand to meet the indents for 1892-93, 700 reams of paper have been received from the Stationery Office to print only such number of forms as are below the average requirements.

4. The Superintendent of Prisons has been able to provide me with a suitable room for storing these Code forms, and no charge has been incurred for alterations. The clerk on Rs. 20 was not entertained, but recently a long-sentence prisoner's services have been utilized in assisting the storekeeper for keeping the stock books of forms and paper, the jail authorities debiting the Press with Rs. 10 monthly as the value of his services. A sum of Rs. 112-10-0 was expended for purchasing dealwood boxes for packing; the railway charges were paid by the District Courts, and no expense was incurred on this account. The shipping charges for forms sent to the Northern ports were debited against the Press by the Accountant-General. It is, therefore, solicited that sanction be accorded for Rs. 175 being added to the Press budget to meet the cost of packing cases and freight charges.

5. As the Stationery Office no longer required the Press to warehouse bales of paper for them, there was no necessity to buy trestles; the iron railway bars in store have therefore been used for piling bales of paper, and the trestles belonging to the Press have been used for stacking these Code forms.

6. The undersigned considers it unnecessary to have more than one year's stock of forms in hand, and, with the approval of Government, the system of keeping a two years' supply will be discontinued. This will reduce the printing charges, and changes in size or wording of forms can be more readily carried out.

ORDER—dated 3rd August 1891, No. 657, Public.

The Government considers this report satisfactory. The supply of Civil Procedure Code forms to Mofussil Courts appears to be economically and efficiently carried out by the Superintendent, Government Press.

2. The request in paragraph 4 of the Superintendent's note is sanctioned, and the suggestion in paragraph 6 will be remitted to the Honorable the Judges of the High Court for their opinion.

3. These proceedings will be communicated to all District Magistrates.
