G.O. of 26.8.91, No. 724.

The H.M.'s instructions are requested as to whether a copy of the G.O. is to be sent to Mr. Little.

Concise - also the same with him working to his letter. Mr. Bird need not have raised the question; for he having done so, C.O. might have decided it.

I am sorry to trouble you with the paper again but I consider it due to Mr. Bird to say that it was under my orders that the note was sent up.

If it be well he would enough to refer to C.O. 2453 he will return back

in view of his calling the note forward in the note he wrote beneath it "Recorded" and indicated that

the question then arose whether this meant also that a copy was sent to Mr. Little or not. The inference drawn was that it was possible that Mr.

had written not indicated the note forward in the draft note but had taken the trouble to write "Recorded" under it.

he did not intend that anything should be sent to Mr. Little.

As I write with such on my responsibility in any doubtful cases I ordered a reference.

Yours faithfully
W. S. Little

Subject

Forwarding Rev. Mr. Little's letter regarding the old Court house building at Karur.

plans for another are prepared, and will be submitted along with an Estimate to the Director of Public Instruction in the course of a few days. And (4) Scholarships have been solicited & obtained from the Local Fund Board & the Karur Municipality by which ^{alone} in four years 48 pupils will ^{annually} be secured for the school.

4. On the face of these arrangements there is at least the appearance of permanency. For myself I can say that in all probability I shall not remain many months longer in the country, but I have not the slightest idea that the continuance or efficiency of the Industrial school will be affected by my departure. My aim as Manager has been to make it a permanent benefit to the district, and as far as I know (and as heard of the Mission I have some chance of knowing its views) the Mission has no idea of withdrawing from this work.

5. In the mean time I shall take over the building on the terms proposed; but if after the perusal of the above statement there seems room for modification of the original order I shall have the honour to beg that the request contained in my last letter may be acceded to.

I have the honour to be,

Sir

Yours obedt

Henry Little

I am, Sir, very much obliged to you for the reference to the Local Fund Board & the Karur Municipality & for the interest & assistance you have given me in the matter.

24-3
Karrur Aug¹⁵ 1891

From the Manager of W.M.C.H. Industrial School, Karrur
To the Chief Secretary to Government, Cochin
Sir

I have the honour to acknowledge the receipt of Government Order (Public Department) No 575, dated the 11th July, 1891, forwarded to me through the Collector of Coimbatore.

2. As it contains a remark which must be based upon some misapprehension, and as this remark seems to be the chief ground why the Government adheres to the order previously passed, I beg to be permitted to make a few observations which may tend to clear up the misapprehension.

3. It is stated that "the existence of the Industrial School depends on Mr. Kille and it would probably collapse if he left Karrur." I cannot imagine how any one, much less the Government, should have arrived at such a conclusion. For (1) the Committee of the Wesleyan Mission which manages the Mission affairs of all stations in the Tanjore, Trichinopoly & Coimbatore Districts, at its annual meeting in January last, made distinct & definite arrangements for the carrying on of the Industrial School in the event of my leaving Karrur for another station, or on my departure for England; (2) this same Committee authorized the engagement of Mr. Whitham, an English skilled mechanic as Superintendent of the School, for a term of 5 years. (3) During the years 1890-1 Government help was obtained towards the erection of two large buildings for the purposes of the School; another building costing over Rs 1200 is now in course of erection towards which a Government grant is sanctioned; and the
