Home Department Resolution No. $\frac{28}{1544-55}$, dated the 8th August 1890.

Letters forwarding returns under the European Vagrancy Act for the year 1890, from the Governments of Madras, Bombay, Bengal, North-Western Provinces and Oudh, Punjab; the Chief Commissioners, Burma, Central Provinces, Assam, and Coorg; the Foreign Department, the Resident at Hyderabad, the Agent to the Governor General for Central India, and the Agent to the Governor General for Rajputana.

RESOLUTION.

The usual statement showing the results of the working of the European Vagrancy Act, IX of 1874, during the year 1890 is appended. The total number of vagrants dealt with during the year was 293, against 257 in the previous year; the number of vagrants removed from British India was 8 against 12, and the cost of their removal Rs. 3,029 against Rs. 1,998 in the previous year. The highest expenditure on account of removal in any Province was incurred in Bengal and amounted to Rs. 2,282, but this represents the cost of deporting two vagrants during 1890 and 12 persons who had entered into agreements under section 17, two of whom were deported in 1889. The average cost of each vagrant admitted into the work-houses was Rs. 53-3-6 compared with Rs. 63-0-1 in the previous year, and the total cost of administering the Act, Rs. 19,603 against Rs. 18,933.

The longest period of confinement in a work-house—6 years, 5 months and 24 days—occurred in Bombay, where an old pauper who is a permanent invalid has been permitted to continue his residence in the work-house. With this exception the longest detention was for 9 months and 13 days in the Punjab, and the shortest for 24 days in the Central Provinces.

There are no other points in the returns calling for special remarks from the Government of India.

ORDER.—Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations and to the Foreign Department.

Letters forwarding returns under the European Vagrancy Act for the year 1890, from the Governments of Madras, Bombay, Bengal, North-Western Provinces and Oudh, Punjab; the Chief Commissioners, Burma, Central Provinces, Assam, and Coorg; the Foreign Department, the Resident at Hyderabad, the Agent to the Governor General for Central India, and the Agent to the Governor General for Rajputana.

RESOLUTION.

The usual statement showing the results of the working of the European Vagrancy Act, IX of 1874, during the year 1890 is appended. The total number of vagrants dealt with during the year was 293, against 257 in the previous year; the number of vagrants removed from British India was 8 against 12, and the cost of their removal Rs. 3,029 against Rs. 1,998 in the previous year. The highest expenditure on account of removal in any Province was incurred in Bengal and amounted to Rs. 2,282, but this represents the cost of deporting two vagrants during 1890 and 12 persons who had entered into agreements under section 17, two of whom were deported in 1889. The average cost of each vagrant admitted into the work-houses was Rs. 53-3-6 compared with Rs. 63-0-1 in the previous year, and the total cost of administering the Act, Rs. 19,603 against Rs. 18,933.

The longest period of confinement in a work-house—6 years, 5 months and 24 days—occurred in Bombay, where an old pauper who is a permanent invalid has been permitted to continue his residence in the work-house. With this exception the longest detention was for 9 months and 13 days in the Punjab, and the shortest for 24 days in the Central Provinces.

There are no other points in the returns calling for special remarks from the Government of India.

ORDER.—Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations and to the Foreign Department.
