The Hon. Member.
Enquires "what he
comes of all Mr. Rea's
surveys & drawings".
The answer is - they
are forwarded to Dr.
Burgess. In the printed
file submitted there are
frequent references to
the despatch of drawings
to Dr. Burgess, and also
in G. 2000 now under
disposal. No instructions
on the point can be
traced.

P.T.O.

Dr. Burgess is now in the country
and his official position. I
don't think that the valuable results
of Mr. Rea's work, which is mainly
concerned in the drainage of the
Humber, is made over to a private
individual in this way.

I would call on Mr. Rea to send all
his drawings, plans, and all sent
to Dr. Burgess, & if so, under whose
order or instructions; also to send
a list of all drawings, records, or
surveys so sent since the Archaeo-
logical Dept. was provincialized, or
since Dr. B. ceased to be head of the
Survey.

Memorandum

The Supt. Arch. Survey
is requested to report
whether all his drawings
and surveys are forward-
ed to Dr. Burgess, and,
if so, under whose orders

No. 349.

From

Superintendent

To the Chief Secretary
to the Government of Madras

Sir,

Adverting to memorandum in the
Public Department, R. N. 87, dated
7th August 1891, I have the honour to
report as follows:—

2:— All my drawings and surveys
have not been forwarded to Mr Burgess;
but all such drawings and reports as
were prepared and finished during the
time he was Head of the Archaeological
Survey, were, by his orders sent to him
immediately on completion.

3:— Till I received the Resolution
of the Government of India, No. 200, dated
5th May 1890, embodied in Ld.
Public dated 2nd June 1890, I had no
official information that Mr Burgess
had ceased to be Head of the Archaeological
Survey; but, as I am directed that he
had not returned to India, and that he
had, or was about to retire, I addressed
Government in my letter No 298 dated
15th May 1890, embodied on page 7 of
Ld. Public, dated 2nd June 1890, and
enquired what arrangements were made

1/11/91

as to the publication of my annual reports and drawings. In this letter I enclosed a copy of a letter from the Government of India (No. 276-C, dated 19th March 1890, in which it was stated that my reports &c should be forwarded to the Madras Government. I understood this to refer to my progress reports &c - which are published in Government Orders, and - which had periodically been sent in through Mr. Burgess, but were now to be submitted direct. It was to make certain the question of my annual reports and drawings - which were to be published in book form - that I specially mentioned them in the letter.

4. - Subsequent to the despatch of my letter, I received the Resolution referred to, and noted that in paragraph 5, Mr. Burgess was to continue the work of editing and publication. I therefore concluded that no change was to be made in this respect. I however wrote Mr. Burgess on the subject of the arrangements made, and he replied that the drawings and reports - which he was to publish, were to be sent to him, as had been hitherto done.

5. - The Vijayanagar report was one of those marginally noted on paragraph 5 of the Government of India Resolution above quoted. This report was sent in December 1890, and 102 drawings to accompany it in January 1891. The only others that

have been sent to Mr. Burgess since the date of his retirement are, as report and drawings of the Buddhist and other remains in parts of the Krishna district. The lists of these are in the office at Bangalore. They were despatched at the end of 1889, before I knew anything of the retirement of Mr. Burgess.

I have the honour to be,
Sir,
