QUARTER MASTER GENERAL'S OFFICE,

*22nd August 1891*No. *1938 M. M.*

From

BRIGADIER-GENERAL E. H. EYRE,

QUARTER MASTER GENERAL,

To

THE SECRETARY TO GOVERNMENT,

MILITARY DEPARTMENT.

Sir,

The Chief Engineer, Madras Command, Military Works as also the General Officer Commanding Madras District has reported that considerable quantities of materials are being collected on a site adjacent to the Medical College at Madras and in close proximity to Fort Saint George, apparently for the erection of a large building, and as this site, as will be seen from the accompanying plan, is partly within the limits of military lands, and the erection of a large building thereon will not only close an existing road which is also within military land limits, but will be objectionable from a military point of view owing to its situation at so short a distance from Fort Saint George, I am desired by His Excellency the Commander-in-Chief to invite the

It is requested that the heading, number, and date of this communication may be quoted in any subsequent correspondence on this subject.

attention of government to the orders of the
Government of India, marginally noted, on the
subject of the erection of buildings in the im-
mediate vicinity of Forts and Cantonments
and at the same time to point out that no
reference with regard to the proposed erection
of the building above referred to has been made
to the Commander-in-Chief and moreover that
His Excellency has not even been made acquainted
with the purpose for which this building is
intended.

I am also to state that the Commander-
in-Chief is of opinion that by the erection of
the High Court Buildings, the proposed Law
^{Soldiers' Home} College, and the building referred to above,
Fort Saint George will gradually be enclosed
by large buildings within a radius of 500 yards,
from the roofs of which in the event of their
occupation at any time by an enemy so heavy
fire might be kept up as to make it im-
possible to man the ramparts of the Fort.

I have the honor to be

Sir

Your obedient servant

L. H. Eyer, Brigadier General
