No. 609

OFFICE OF THE PROTECTOR OF EMIGRANTS,
Madras, 11 September 1891

From

W. P. Austin Esq.

24 PROTECTOR OF EMIGRANTS,
Madras,

To

The Honble. J. L. Price.

CHIEF SECRETARY TO GOVERNMENT,
PUBLIC DEPARTMENT,
Fort St. George.

SIR,

I acknowledge the receipt of your letter dated 5th September 1891. I have the honor to state that all possible measures to repress the outbreak were taken as soon as the first case occurred. Both the Medical Inspector and the Depot Surgeon were in constant attendance at the Depot from the time of the first occurrence. The wards, sheds etc were frequently fumigated, the condition of the water supply was carefully attended to, the diet of all the Coolies in the Depot was changed from rice to bread and Coffee. Cholera patients were removed to an outside hospital as soon as they were attacked; and, in short, every thing possible was done to arrest the outbreak, which, I am
glad

glad to be able to report, has had apparently the
desired effect as no case has occurred since the
28th ultimo and the Cooks in the Depot are all doing
well. I regret that I failed to give these
details in my first report but I did not
do so, as I thought that Government would
conclude that with two Medical Officers
and myself in charge of the depots every
thing would be done to keep the outbreak
within bounds. The epidemic was not seen
and the Medical Inspector Dr. Cook
did not consider a report to Government
necessary under Section 68 of the Emigration Rules of 1883.

It was the desertion of so many Cooks
from the Depot, that mainly induced me to
report matters to Government. The Cooks
who deserted have commenced to return and are
being kept by themselves in Depot No. 11 until
it is considered safe to admit them into No. 1. I
trust that very soon matters will have
reverted to their ordinary aspect.

I have the honor to be
Sir,
Your most obedient servant
