Next year's report will
be a heavy one as it is
to be a complete review
of the work of the preced-
ing three years - If
once granted the tem-
porary clerk would
probably be asked for
regularly, and if not
given that fact would
be made the excuse
for late submission.
It is also submitted
that the precedent
wd. be a bad one - for
all depts. have an
annual report to
submit.

From

THE SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

To

FORT ST. GEORGE,

THE Chief Secretary to Government
Public Department

SIR,

In reference to para I of the Review order dated 7th Instant N^o 762 Public Calling upon me for an explanation as to the cause of delay in the submission of the annual report for 1890, on Civil Hospitals and Dispensaries in this Presidency, I have the honor to state that I regret I am unable to assign any fresh cause in addition to what has been previously reported in this Office N^{os} 404 of 8th May and 710 of 19th September 1890.

2. I have had in view the order of Government enjoining the earlier submission of the report and used the best efforts possible to comply with the same, but regret that the report could not be completed in time for submission to Government by the due date.

3. Government is aware that I am required annually to submit the special report on the

the prevalence of Venereal affections and the Annual reports on Lunatic Asylums and Lock Hospital prior to the submission of the Civil Dispensary Report. The preparation of these reports engages the time and attention of the Office during the early part of the year, and interferes with the steady progress of the Civil Dispensary Report.

4/. Although in the present report only figures for whole Districts are given, yet it must not be overlooked that these figures can only be obtained, by working out all the details as usual. The change has not therefore in any way reduced the compilation work in this Office.

5. It may perhaps be asked that when other Presidencies and Provinces can keep to the date fixed by the Government of India why should there be any particular difficulty in Madras in this respect. The reply to this is very clear viz: that the number of Dispensaries in this Presidency are nearly double that of any other Presidency or Province.

6. As regards difference in the dates referred to by Government, I beg to state that 21st July represents the date on which the report was drawn up in manuscript and sent to Government Press and 26th August the date on which the
printed

printed copy of the report was forwarded to Government after receipt from the Press.

7. As the next report will be a triennial one and necessarily more elaborate than those submitted for the last 2 years, I would request that Government will be pleased to sanction the temporary employment of a clerk on a 20 for 5 months from February to June 1892 in order that endeavours may be made to submit the report earlier.

I have the honor to be
Sir

Your most Obedt. servant.
