Rajah of Venkatagheri's Choultry
Comparative Statement of
Expenses for 1889-90.

Madras 12th September 1891

From

The Directors of the Monegar Choultry
Madras.

To

His Excellency the Right Honorable
the Governor in Council,
Fort Saint George,
Ootacamund.

Your Excellency,

We have the honor to submit to
Government the Annual Report and
Accounts connected with the Monegar Choultry,
the Foundling Asylum, the Native Infirmary,
Rajah Sir Savalai Ramasamy Mudaliar
Lying-in Hospital and Rajah of
Venkatagheri's Choultry for the year 1890.

The receipts of the year
under report amount to Rupees
21,552-7-3; being 519-16-11 less than
the previous year and the expenditure
to Rupees 18,755-8-8. The decrease
in the receipts is mainly due to a
falling off in subscriptions during
the

Depot Choultry.

The average daily number of paupers maintained during the year in the Depot Choultry was 63 against 80 in 1889. The expenses incurred amounted to Rupees 2001. 15. 3 or on an average of 1 A 4 1/2 pice per head per day against 1 A 3 1/4 pice for the previous year. This is owing to the higher prices of provisions. The cost of establishment was Rupees 1867. 1. 3 against 1822. 14. " The increase is due to the transfer during the latter part of the year of maintenance from the Native Infirmary to the Depot Choultry together with the staff and servants engaged in looking after them.

Foundling Asylum.

The average daily number of children maintained during the year was 2.46 against 3 in the previous year. The cost incurred under this head was Rupees 41. 14. " or on an average of 9 pice per head per day against 1 A 5 1/2 pice in 1889 and 10 1/2 pice in 1888. The decrease in the average is chiefly due to the discontinuance of

of milk supplied to infants during the year.

Natives Infirmary

The average number of patients maintained daily was 86.74 against 85.50 in 1889. The expense incurred was Rupees 5907.11.6 or on an average 3 Rs per head per day against 2 Rs 11/4 pice in 1889 and 2 Rs 1/4 pice in 1888. The increase is owing to higher prices of provisions as well as Syrias ordered for bad cases. The cost of establishment was Rupees 1543.3.7 against 1526.10.4 in 1889. This is owing to Syria Coolies employed for special cases.

Rajah Sir Savalai Ramasamy Mudliyar in Hosp.

The total number of patients admitted into this hospital during the year was 686 against 601 in 1889. The cost of dieting was Rupees 901.5.6 against 804.14.7 or on an average of Rupees 1.5.0/4 against 1.6.2/4. The expenses on account of batta were Rs. 231.9.- against Rupees 500.2.- in 1889. The decrease is due to the smaller number admitted and

also

also to a reduction in the rate from 2 Rs to 1 1/2 Rs per head. The cost of establishment under this head was Rupees 1734.7.9 against 1730.8.5 in 1889.

With reference to the remarks contained in G.O. dated 14th November 1890 para 3, regarding our report for the year 1889, we have to explain that the increased expenditure on establishment is due to the increase of salary to the pay of the two nurses from Rs. 12 to Rs. 15 each. As to the remarks contained in para 4 of the above G.O., we have to state that the purpose for which batta is given to lying-in-women has already been explained in our report for 1887 vide G.O. dated 11th March 1889 No. 244. Debiting cost of batta under the head of diet has been the practice followed all along, besides this there was no heading in the statement under which that charge could be debited. It will be observed that in the report under review a heading has now been opened for the charge in question.

We regret to record the death

READ—the following paper:—

From the Directors of the Monegar Choultry, Madras, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated Madras, 12th September 1891.

We have the honour to submit to Government the annual report and accounts connected with the Monegar Choultry, the Foundling Asylum, the Native Infirmary, Rajah Sir Savalai Ramasamy Mudaliar's Lying-in Hospital and Rajah of Venkatagiri's Choultry for the year 1890.

2. The receipts of the year under report amount to Rs. 21,552-7-3, being Rs. 519-15-11 less than the previous year and the expenditure to Rs. 18,755-8-8. The decrease in the receipts is mainly due to a falling off in subscriptions during the year:—

3. *Depôt Choultry*.—The average daily number of paupers maintained during the year in the Depôt Choultry was 63 against 80 in 1889. The expenses incurred amounted to Rs. 2,001-15-3 or on an average of 1 anna $4\frac{1}{2}$ pies per head per day against 1 anna $3\frac{1}{4}$ pies for the previous year. This is owing to the higher prices of provisions. The cost of establishment was Rs. 1,867-1-3 against Rs. 1,822-14-0. The increase is due to the transfer during the latter part of the year of incurable cases from the Native Infirmary to the Depôt Choultry together with the staff of servants engaged in looking after them.

4. *Foundling Asylum*.—The average daily number of children maintained during the year was 2.46 against 3 in the previous year. The cost incurred under this head was Rs. 41-14-0 or an average of 9 pies per head per day against 1 anna $5\frac{1}{2}$ pies in 1889 and $10\frac{1}{2}$ pies in 1888. The decrease in the average is chiefly due to the discontinuance of milk supplied to infants during the year.

5. *Native Infirmary*.—The average number of patients maintained daily was 86.74 against 85.50 in 1889. The expense incurred was Rs. 5,937-11-6 or on an average 3 annas per head per day against 2 annas $11\frac{1}{4}$ pies in 1889 and 3 annas $1\frac{1}{4}$ pies in 1888. The increase is owing to higher prices of provisions as well as extras ordered for bad cases. The cost of establishment was Rs. 1,543-3-7 against Rs. 1,526-10-4 in 1889. This is owing to extra coolies employed for special cases.

6. *Rajah Sir Savalai Ramasamy Mudaliar's Lying-in Hospital*.—The total number of patients admitted into this hospital during the year was 686 against 601 in 1889. The cost of dieting was Rs. 901-5-6 against Rs. 834-14-7, or on an average of Rs. 1-5-0 $\frac{1}{4}$ against Rs. 1-6-2 $\frac{1}{4}$. The expenses on account of batta were Rs. 231-9-0 against Rs. 500-2-0 in 1889. The decrease is due to the smaller number admitted and also to a reduction in the rate from 2 annas to $1\frac{1}{2}$ annas per head. The cost of establishment under this head was Rs. 1,734-7-9 against Rs. 1,730-8-5 in 1889.

7. With reference to the remarks contained in G.O., dated 14th November 1890, paragraph 3, reviewing our report for the year 1889, we have to explain that the increased expenditure on establishment is due to the increase of salary to the pay of the two nurses from Rs. 10 to Rs. 15 each. As to the remarks contained in paragraph 4 of the above Government order, we have to state that the purpose for which batta is given to lying-in inmates has already been explained in our report for 1887—*vide* G.O., dated 11th March 1889, No. 244. Debiting cost of batta under the head of diets has been the practice followed all along; besides this, there was no heading in the statement under which that charge could be debited. It will be observed that in the report under review a heading has now been opened for the charge in question.

8. *Rajah of Venkatagiri's Choultry*.—The daily average number of pauper inmates in the choultry was 56 besides 108 out-door paupers supplied with rice-dole of two ollocks a day; while in the year 1889, the number of pauper inmates was $48\frac{3}{4}$ and of out-door recipients 108; and the cost of dieting, &c., was Rs. 4,057-3-3 against Rs. 3,706-15-10 in the previous year. This increase is due to greater number of admissions and the increase under the heads of clothing and contingencies. The average cost for feeding each pauper per day was 1 anna $4\frac{1}{4}$ pies. The increase in the average is due to the increase in the price of grain.

9. The number of children who attended Lord Napier's Tamil school during the year was 10.

10. We regret to record the death of three Directors during the year under review, viz., Mr. W. M. Scharlieb, Dr. Mohideen Sheriff, Khan Bahadur, and Khan Bahadur Badsha Saheb.

11. We thank Rajah Sir Savalai Ramasamy Mudaliar, *Kt.*, C.I.E., for his careful audit of all the accounts connected with the several institutions under our charge.

3. *Depôt Choultry.*—The average daily number of paupers maintained during the year in the Depôt Choultry was 63 against 80 in 1889. The expenses incurred amounted to Rs. 2,001-15-3 or on an average of 1 anna 4½ pies per head per day against 1 anna 3¼ pies for the previous year. This is owing to the higher prices of provisions. The cost of establishment was Rs. 1,867-1-3 against Rs. 1,822-14-0. The increase is due to the transfer during the latter part of the year of incurable cases from the Native Infirmary to the Depôt Choultry together with the staff of servants engaged in looking after them.

4. *Foundling Asylum.*—The average daily number of children maintained during the year was 2.46 against 3 in the previous year. The cost incurred under this head

was Rs. 41-14-0 or an average of 9 pies per head per day against 1 anna 5½ pies in 1889 and 10½ pies in 1888. The decrease in the average is chiefly due to the discontinuance of milk supplied to infants during the year.

5. *Native Infirmary*.—The average number of patients maintained daily was 86.74 against 85.50 in 1889. The expense incurred was Rs. 5,937-11-6 or on an average 3 annas per head per day against 2 annas 11¼ pies in 1889 and 3 annas 1¼ pies in 1888. The increase is owing to higher prices of provisions as well as extras ordered for bad cases. The cost of establishment was Rs. 1,543-3-7 against Rs. 1,526-10-4 in 1889. This is owing to extra coolies employed for special cases.

6. *Rajah Sir Savalai Ramasamy Mudaliar's Lying-in Hospital*.—The total number of patients admitted into this hospital during the year was 686 against 601 in 1889. The cost of dieting was Rs. 901-5-6 against Rs. 834-14-7, or on an average of Rs. 1-5-0¼ against Rs. 1-6-2¼. The expenses on account of batta were Rs. 231-9-0 against Rs. 500-2-0 in 1889. The decrease is due to the smaller number admitted and also to a reduction in the rate from 2 annas to 1½ annas per head. The cost of establishment under this head was Rs. 1,734-7-9 against Rs. 1,730-8-5 in 1889.

7. With reference to the remarks contained in G.O., dated 14th November 1890, paragraph 3, reviewing our report for the year 1889, we have to explain that the increased expenditure on establishment is due to the increase of salary to the pay of the two nurses from Rs. 10 to Rs. 15 each. As to the remarks contained in paragraph 4 of the above Government order, we have to state that the purpose for which batta is given to lying-in inmates has already been explained in our report for 1887—*vide* G.O., dated 11th March 1889, No. 244. Debiting cost of batta under the head of diets has been the practice followed all along; besides this, there was no heading in the statement under which that charge could be debited. It will be observed that in the report under review a heading has now been opened for the charge in question.

8. *Rajah of Venkatagiri's Choultry*.—The daily average number of pauper inmates in the choultry was 56 besides 108 out-door paupers supplied with rice-dole of two ollocks a day; while in the year 1889, the number of pauper inmates was 48¾ and of out-door recipients 108; and the cost of dieting, &c., was Rs. 4,057-3-3 against Rs. 3,706-15-10 in the previous year. This increase is due to greater number of admissions and the increase under the heads of clothing and contingencies. The average cost for feeding each pauper per day was 1 anna 4¼ pies. The increase in the average is due to the increase in the price of grain.

9. The number of children who attended Lord Napier's Tamil school during the year was 10.

10. We regret to record the death of three Directors during the year under review, viz., Mr. W. M. Scharlieb, Dr. Mohideen Sheriff, Khan Bahadur, and Khan Bahadur Badsha Sahab.

11. We thank Rajah Sir Savalai Ramasamy Mudaliar, Kt., C.I.E., for his careful audit of all the accounts connected with the several institutions under our charge.
