PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon-General with the Government of Madras, dated 24th September 1891 No. 0/149

With reference to para 15 of G. O. No. 2004, 2005 L dated 22nd August 1891 Local and Municipal, I have the honor to state that owing to the lengthened periods during which many Districts were deprived of District Surgeons, due entirely to the paucity of Medical officers available, inspection work has necessarily fallen off.

2. In respect to the Districts specially referred to Kuddalore had no District Surgeon for a whole year

Kuddalore (S. Arcot)	Do	10 months
Anantapur	Do	7-Do
Kistna	Do	3-Do
S. Canara	Do	10-Do

3. With regard to the other Districts, not particularized; Madras had no District Surgeon for 5 months; Nellore for six months, and more. Langham was in Medical charge of the Regimental Surgeon at Berham-pore for more than seven months.

4. It has to be borne in mind, that in some Districts great facilities are afforded to Medical officers for visiting and touring by ample Railway accommodation, while in other Districts, the same amount of inspection work takes up a long time, as the District Surgeon is limited to travelling by roads, and that ones too.

5. In future conditions such as these will be carefully noticed in the annual Report, and every effort will be made, to ensure as much inspection work shall be done, as circumstances permit.
