Patterns and Price... MADRAS & AND

NOVEMBER 1891.

NEW PREMISES.—To meet the demands for extra space caused by our increasing business we purchased the extensive ... on the Mount Road recently occupied by the Deputy Collector and Abkari Department. These premises we have practically ... and have rendered them eminently suited to the requirements of our business. In the large Show Rooms thus provided we have ... one of the largest and best selected stocks of General Drapery, Furnishing Requisites, and General Merchandize ever gathered ... in India. Ample space has also been reserved for that important part of our business—the Mofussil Order Department. The Rooms are lofty and well ventilated and are remarkable for coolness in the hottest weather.

COLOMBO BRANCH.—Our Colombo Branch moves on October 25th to their large new premises **Nos. 7, 8, 9 and 10, Sayasa Buildings, Slave Island, Colombo,** and will there exhibit a general assortment of the goods as per our "Illustrated Monthly Price List." The prices charged at this branch are **slightly** higher than at Madras so as to cover the cost of Import Duties levied in Ceylon.

BANGALORE BRANCH.—Our Bangalore Branch has also been moved into the handsome New Premises built to ... the corner of **South Parade** and **Brigade Road**. This Branch charges the same prices as our Madras House and moreover undertakes, should they be out of any goods advertised by us, to procure the same from Madras free of any extra charge to our customers for packing or freight.

INCREASE OF STAFF.—We have during the last season brought out from London 5 new experienced European assistants, and 2 more will shortly arrive. Our customers are therefore attended to by competent Europeans only. Mofussil Orders are also executed the day they are received by Europeans and moreover each order is carefully sc... checked by the General Mar... the goods leave our premises.
