MEMO.

The undersigned has the honour to point out that it will be very convenient if the Superintendents of the Government Press are informed before they begin printing the Census Tables how many copies of the latter and of the report will be required.

2. He would therefore suggest that the number of copies required of each Provincial report should be communicated to the Local Government or Administration concerned as soon as possible, and that the supply for local distribution and reserve should be at once determined. He would be obliged, also, if he were informed at an early date of the number of copies of the general report on the Census of India that should be supplied to the *Madras* Government.

3. The number of copies of the Provincial Reports required by the Secretary of State, the Government of India and the undersigned, respectively, is set forth in the statement below. Those for the first named should be sent direct.

Signed J. A. Davies.
Census Commissioner for India.

Census Reports of 1881.
While the custom hitherto

If it is decided that the

necessary to ask the Rev.
