Memorandum.

With reference to His
Excellency's reply to the
inhabitants of Trichengode
Talug, the memorialists asked
that the Ammankolam Tank
which at present irrigates
25 acres of land should be
reserved for water supply,
and it was understood that
the memorialists proposed
that Government should
forego the assessment and
devote the tank exclusively
to the purpose of supplying
drinking water. The
matter should be
investigated, as His by

Excellency promised the people.

In regard to the watersupply of Santeri-droog, it is understood that the Public Works Department has been referred to. If this is the case, His Excellency wishes to see the papers.

As regards the watersupply of Eddapadi, His Excellency would also be glad to see ~~the~~ a file of papers concerning experiments made in this Presidency of ~~with~~ Artesian borings.

As regards the Salem Watersupply, His Excellency would be glad to see the report when it is circulated. The same remark applies to the drainage scheme, ~~when made~~. With reference to His Excellency's reply to the address of the residents of Salem District, if any applications comes up for the postponement of Kists in the Salem District, he wishes to participate in its disposal.

The question referred to on page 11 connected with reserved forests has, it is understood, been referred by

the Collector to ^{the} Board. If
the case comes up to
Government, His Excellency
wishes to participate in
its disposal, if not, he will
be glad if the Secretary
will find out how the
matter has been disposed
by the Board of Revenue.

7. The question raised
in connection with the
observance of caste in
jails was referred to
in some detail in the
answer. His Excellency
would be glad ~~if~~ to
have his statement verified,
and wishes to see the
proceedings to which he
referred.

Should the question
arise

of the location of the
District Moonsiff's Court come
before Government, the
papers should be circulated
to His Excellency.

7. Mr. Balajee Row
Mithadar of Salem complained
at Salem about the tax
per head load of wood.
His Excellency informed him
that this had been reduced
to the nominal sum of
one pie, whereon Mr. Balajee
Row doubted whether one
pie only was being collected
and suggested that the fact
of this reduction having
been made should be
tom-tommed in the villages
to prevent possible frauds
in collection. This appears
to His Excellency to be a good
suggestion.

My dear Sir

I enclose a note
from His Excellency concerning
his late Tour. He will be much
obliged if you will note anything
concerning your Department, and
then pass it on to the Revenue and
Public Works Departments.

Yours Sincerely
J. H. Price.
