Would it be with to have a note  
from Mr. Hill about the printing  
of this work. His opinion is that  
it will never be printed. Over  
40,000 Nos of type set up and  
have been for months. 26 bands are  
detached from the <sup>present</sup> and Mr. Hill says  
that the ~~1000~~ estimate of 1000 pages  
series is all nonsense. He told  
me that Dr. Maclean has recently sent him  
2000 tabular slips filled in with what  
is apparently an alphabetical list on  
the one subject of Botany.

8 Nov

I am believe Dr. Maclean  
will soon finish the book and  
will it had been stopped two  
or three years ago. He will  
probably write before it is ready  
for use. I send it up.

been from my point of view somewhat  
less than nothing, because I lost then an  
appointment which I considered I had  
earned by my attainments and as I am  
certain that no one else in the Presidency  
has had the knowledge of the native  
languages necessary to produce the present

it will very shortly be greatly reduced.

I have the honour to reply to  
Memorandum reference No. 2598 dated 27<sup>th</sup>  
October 1891.

2. I am unable to frame the estimate  
of cost, and submit that it is useless to do  
so at the tag-end of operations.
3. The figure showing reduction of proof  
is the best index of progress in the last few  
months.

time estimates.

should therefore <sup>apparently</sup> be  
finished in 9 or 10  
months, and Dr.  
Macleane is request-

this is likely. The total
