Public Department.

SIR,

With reference to G.O. No. 914 Pub. dated the 28th October 1891, I have the honor to enclose for the approval of Government a draft form of the bond referred to therein.

2. I understand from the Resolution of the Government of India printed in the above quoted G.O. that in future when a student has been selected for a scholarship a bond should be obtained in respect of him from his parent, guardian or friend and that when such student passes the final examination he should before being allowed to enter the Dep^{ty} be required to sign another bond according to the form prescribed in the Government of India Home Department Resolution No. 2-133-1442 of 5th March 1889.

After the second bond has been signed

1. With reference to your docket dated 18th December last on the form of bond to be taken in respect of Medical Students enclosed in the Surgeon General's letter dated 9th December 1891 N^o 717, I forward herewith two forms of bond one to be taken in cases where the Medical Student has obtained a Government Scholarship and the other where the Medical Student is an assisted Student; as, from the Resolution of the Government of India dated 12th October 1891 N^o 1 Medical, there appears to be a distinction between the two cases.
2. The form of bond forwarded by the Surgeon General includes in its condition the successfully passing by the Student of the examinations prescribed at his college. I have omitted this from the forms of bonds forwarded herewith as I do not understand that the person who may enter into the Bond is to be liable to Government for the amount paid in respect of the Student's Scholarship or the amount paid by Government in assisting a Student in the

the event of the Student failing to pass the examinations; but, that what is wanted is some security that the Student shall go through the prescribed course of education for a certain number of years and that, if duly qualified by examination, he shall, if so required, serve Government as either an Assistant Surgeon or a Hospital Assistant, whichever he may have qualified for, for a further period of 5 years.

3. With regard to para (2) of the Resolution there seems to be no object in making it part of the condition of the bond that the Student shall, at the end of his course, execute, if required to enter in Government employment the forms of agreement for Assistant Surgeons or Hospital Assistants - as the case may be; for the bond is conditioned for the Student entering Government Service in either of such capacities if required so to do. Should he fail to do so the bond will be in force whereas, if the bond merely provided for the Student entering into the agreement and he did so, the bond would become void, its condition having, in that respect at any rate, been fulfilled, though the Student might desert the service the next day.

THE Chief Secretary to Government
Public Department,

SIR,

In returning the letter from the Government Solicitor and its enclosures referred to me for remarks under your Endorsement dated the 22^d January 1892 No: 118, I have the honor to observe that in this Presidency there are only two classes of students viz: Government (those granted Scholarships) and Private. As "assisted" students are unknown in Madras a form of agreement for such students is hardly necessary - I may remark that the words "assisted student" which occur in the Resolution of the Government of India appear to me to be more explanatory of the term "Scholarship-holder" than a new class of students.

2. In the form of agreement for Government students all r^o

form of Bond to be used in cases of Govt.
students omitting all references to Asst.
Surgeons.

3. With reference to the remark con-
tained in your letter that the words
"Assisted student" appear to be more
explanatory of the term "Scholarship
holders" than a new class of students
I would point out that if, as a matter
of fact, a student has obtained a Govt.
Scholarship and the payment of the
amount of that Scholarship is the
consideration for the bond those
facts ought to appear in the ~~form~~
bond. If the words "Assisted student"
are used instead the bond will not
show so clearly how the student is
assisted as if it mentions that the
student has been granted a Govt.
Scholarship. Subject therefore to
your approval I have retained in
the form of bond the references to
the student having been granted a
Government Scholarship.

Your letter of 26th ultimo, no. 70 to the

forms of Bond returned herewith being
revised and re-submitted through you.

2. From your letter I gather that there
are in this Presidency only two classes of
students viz Government (those granted
scholarships) and Private. As regards
the Private students I presume no bond
is required, as not being in any way
assisted by Government in their educa-
tion, they do not undertake to go through
the full course of instruction or to enter
Govt. service and there appears to be no
consideration for any bond being given
in their case. If I am right in this it
seems to me that only one form of Bond
will be required, that for Govt. students

Under the Resolution
of the Govt of India dated
12th Oct: 1891, No. 7114
recorded in G.O. dated 28.3.92
No. 914, all assisted medical
students, whether scholar-
ship holders or stipendiaries,
are required to give security
in the shape of a bond by
their parents, guardians
or friends that they will
complete the course of study
and that, at the end of it,
if required to enter the
service of Govt - which
would not happen should
they have failed to qualify
they will execute an agree-
ment to serve as Asst.

FOR ORDERS.

This business seems to have been
into a mess, & G.O. 2 Feb 92 4077 will
have to be cancelled.

Under the Act of the Govt of India
12 Oct 91 40 668 all assisted students
whether scholarship holders or stipendiary
have to give security in the shape of
bond by their parents or guardians that
they will complete the course & that
at the end of it if required to enter
the service (which they won't be if
they fail to qualify) will execute the
further agreement to serve as it is
apportioned or limit beyond as the
case may be. That further agreement
provides a further penalty.

The security deposit bond has to be
furnished only by students who receive
assistance, be it scholarship or stipend,
towards their education, but the bond
on entry is to be taken from all.

The form in C. 40774 attempts to
combine the two in the case of assisted
students & won't do.

The security bond should be taken
from all assisted students recruited from
& including Govt. & the agreement
on entry from all, whether assisted or not
who are admitted to the Govt. service
from that time.

Form must be devised accordingly.

SIR,

In continuation of my letter no. 47 dated the 23^d January 1892, I have the honor to state that on further consideration I think the civil apothecaries who are about to be entertained and who have paid for their education should not be called upon at the outset to sign a bond to serve Government for a period of 5 years. It will in my opinion, meet the requirements of this Department if they sign the bond to serve Government for 2 years, after the expiration of which period they may renew their engagement for a further term of 3 years, or leave the service if they chose. I make this suggestion as the idea of binding themselves for 5 years may deter candidates from readily responding to this office's notification.
