Office of the Chief Engineer for Irrigation
Madras 26 February 1891

From Lt. J. Walter Esquire
Chief Engineer for Irrigation

To The Chief Secretary to Government
Public Department.

Through W

Sir,

I have the honor to submit the
report called for in para 1 of L. O. No 78,
dated 21st November 1890.

2. Draughtsman V. Jagannathulakshmi
of this office was indebted to the extent of
Rs 1570-14-5 at the date of the L. O. under
disposal. Since then a sum of Rs 297-6-9
has been paid in liquidation of his debt
by deductions from his salary but free
attachments of Rs 162-4-10 and Rs 57-7-7
his salary have been received during
interval making the present amount of
liabilities Rs 1493-4-11. This sum is more
than 37 times his present salary of Rs 40-0-0
will take 6 years and 2 months to pay
at the rate of half of his pay, even if

prains from incurring further liabilities, and
which judging from the past is not likely to
be the case.

V. Jagannathulu Naidu has 24 years
of reasonable service and it seems improbable
that he will before retirement be able to
clear himself from debt.

His duties are such that his debts do
not necessarily detract from his utility, and
though it seems probable that if he gets
more and more involved they may do so,
and I recommend that he be retained in
the Government ^{service} subject to a report on the
condition of his affairs after another year.

I have the honor to be

Sir,

Your most obedient servant.

C. S. Swaleh

Chief Engineer for Irrigation.
