To

The Chief Secretary to Government  
Public Department  
Madras.

Sir,

In continuation of my letter Ref. No. 1686 dated 24 December 1891, in which I submitted proposals for working the "Indian Emigration Act", 1 of 1882, I have the honor to state, that having lately received copies of the rules framed under the Act by the Government of Bengal, I am led by them to think that I have hitherto misapprehended some part of the Act.

2. In the first place, it escaped my notice that Chapter V, which deals with shipments, applies only to river transport, and not to shipment by coasting steamers. There will thus be no need for a Superintendent of Embarcation, any more than there has been hitherto, when we have been working under Madras V of 1866.

3. Again it appears to me that the provisions as to Depots are not intended to apply to recruiting districts, but to such Depots as may be formed in Calcutta and other places when

Emigrants from such districts are brought

brought together. When drafting my previous letter, I could not see what was the necessity for double registration in this District (once before Registering Officer, and again at Depot before Superintendent), but was led to suppose that the act required it, inasmuch as the Depot registration preceded shipment. The second misapprehension thus arose out of the first one, dealt with in para 2.

4. If my present reading of the act is correct, the following modifications should be made to my previous proposals. The Collector only need be appointed as Superintendent, with a view to his exercising powers under sections 12, 23 and 59, and the Port Officer, Gopalpore, instead of being appointed a Superintendent and Embarkation agent, should merely be added to the number of registering officers. The Civil Apothecary, Gopalpore should be added to the number of Medical Inspectors under section 30, while no appointments will be necessary under section 40. No orders will be necessary on the subject of Depots. The bulk of the registering work will fall on the Port Officer, Gopalpore, should his appointment as a registering officer be sanctioned; and I therefore still advocate the grant of a special allowance to him, and a second registration Clerk. The necessity of having a registering officer at Gopalpore, was prominently brought to the

notice of His Excellency the Governor when on his visit to this District in November last.

5. Rules under the Act for this District need deal only with Chapters I to IV of the Act; Chapters V and VI do not apply to any but Labour Districts; and no rules seem necessary under Chapters VII, VIII or IX. I submit a draft set of rules and forms, based to a great extent on those in force in Bengal, but as far as places of accommodation under section 27 (or Sub Depots) are concerned, on those in force in this Presidency in respect of Emigration to Mauritius, as the Bengal rules are too elaborate.

6. A Copy of the rules in force in Bengal received from the Bengal Government is herewith sent for information. I have omitted to say any thing about the returns and reports under the Act such as those referred to in rules 4, 5 and 6 of the Bengal rules, as it is for the Government to say what returns and reports should be furnished from Gairam and to whom.

7. I request that 6 Copies of the Act (1 of 1882) may be supplied to me for the use of the Registering Officers.

I have the honor to be

Yours Most Obedt Servant

FEBRUARY 1892, No.

GOVERNMENT OF MADRAS.  
PUBLIC DEPARTMENT.

READ—the following paper :—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary,  
Government, dated Chatrapur, 6th February 1892, Ref. No. 37, Eng.

In continuation of my letter, Ref. No. 1686, Eng., dated 24th December 1891, in which I submitted proposals for working the "Inland Emigration Act" of 1882, I have the honour to state that, having lately received copies of the rules framed under the Act by the Government of Bengal, I am led by them to think that I have hitherto misapprehended some part of the Act.

2. In the first place, it escaped my notice that chapter V, which deals with ship-ments, applies only to river transport and not to shipment by coasting steamers. There will thus be no need for a Superintendent of Embarkation any more than there has been hitherto when we have been working under Madras V of 1866.

3. Again it appears to me that the provisions as to depôts are applied to recruiting districts, but such other central places when emigrants from different districts are brought together. When drafting my previous letter, I could not see what was the necessity for double registration in this district (once before registering officer and again at depôt before Superintendent), but was led to suppose that the Act required it, inasmuch as the depôt registration preceded shipment. The second misapprehension thus arose out of the first one dealt with in paragraph 2.

4. If my present reading of the Act is correct, the following modifications should be made to my previous proposals. The Collector only need be appointed as Superintendent with a view to his exercising powers under sections 12, 23 and 59, and the Port Officer, instead of being appointed a Superintendent and Embarkation Officer, should be added to the number of registering officers. The Civil Surgeon, while no appointment will be necessary under section 40. No orders will be required on the subject of depôts. The bulk of the registering work will fall on the Port Officer, Gopálpur, should his appointment as a registering officer be sanctioned, and I therefore still advocate the grant of a special allowance to him and a se-registration clerk. The necessity of having a registering officer at Gopálpur was prominently brought to the notice of His Excellency the Governor when on his visit to this district in November last.

5. Rules under the Act for this district need deal only with chapters I to IV of the Act; chapters V and VI do not apply to any but labour districts; and no rules seem necessary under chapters VII, VIII or IX. I submit a draft set of rules and forms based to a great extent on those in force in Bengal; but as far as places of accommodation under section 27 (or sub-depôts) are concerned, on those in force in this Presidency in respect of emigration to Mauritius, as the Bengal rules are too elaborate.

6. A copy of the rules in force in Bengal, received from the Bengal Government, is herewith sent for information. I have omitted to say anything about the returns and reports under the Act such as those referred to in rules 4, 5 and 6 of the Bengal rules, as it is for the Government to say what returns and reports should be furnished from Ganjam and to whom.

7. I request that six copies of the Act (I of 1882) may be supplied to me for the use of the registering officers.

NOTE.—Columns 1 to 9 should be filled in by the registering officer; column 10 by the local agent, if any, or garden sirdar; and column 11 by the inspecting officers *en route*, who should enter in that column the names of those lost to the batch and the causes of the losses as ascertainable from an examination of the batch and person in charge. Each inspecting officer recording an entry should sign the way-bill.

The abstract should be filled in by the employer, who, thereafter, should dispose of the way-bill as indicated in the annexed instructions.

# INSTRUCTIONS.

1. *Dhubri route to Assam.*—If the batch proceeds to Assam *via* Dhubri, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hoogly, and, on arrival at Goalundo, before the embarkation agent at that place, who will endorse his remarks on the way-bill and then, either make it over to the master of the steamer should the batch proceed to destination by water, or return it to the person in charge should the batch proceed to destination by land. In the former case, the master must be careful, when emigrants are being finally landed, to make over the way-bill to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sirdar or other person in charge of the batch for delivery to the employer.

After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the magistrate of the district or sub-division, who, in turn, should forward it to the embarkation agent at Dhubri for information and transmission to the Superintendent of Emigration, Ganjam district. In the latter case, the person in charge must, on arrival in the district or sub-division in which the garden where the laborers are to work is situate, place the emigrants with this way-bill before the magistrate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the magistrate of the district or sub-division, who, in turn, should forward it to the embarkation agent at Dhubri for information and transmission to the Superintendent of Emigration, Ganjam district.

2. *Goalundo route to Assam, Kachar or Sylhet (a).*—If the batch proceeds to Assam *via* Goalundo, the person in charge, if taking the Magra and Kanchrapara route, must place the emigrants for inspection, with the way-bill, before the Magistrate of Hoogly, and, on arrival at Dhubri, before the embarkation agent, or, in his absence, the Magistrate at Goalundo, who will endorse his remarks on the way-bill and then make it over to the master of the steamer in which the batch is embarked. The master, on the steamer's arrival at Dhubri, must place the way-bill before the embarkation agent at Dhubri for his endorsement after inspection of emigrants, and, on the completion of the voyage, or when any batch is about to be landed at its destination, make over the document to the debarkation or final inspecting officer concerned, to be returned with his remarks endorsed thereon to the sirdar or other person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must forward the way-bill to the magistrate of the district or sub-division, who, in turn, should forward it to the embarkation agent at Goalundo for information and transmission to the Superintendent of Emigration, Ganjam district.

(b) If the batch proceeds to Kachar or Sylhet, the person in charge must place the emigrants, with this way-bill, before the embarkation agent or magistrate at the place of embarkation and also before the magistrate or sub-divisional officers of all stations passed on the way, where such officers are readily accessible, and also before the debarkation officer at the place of their final landing, or, should this not be possible, then, without fail, before the magistrate of the district or sub-division in which the garden where the laborers are to work is situate, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties on the journey to garden, the employer must return the way-bill to the magistrate of the district or sub-division who, in turn, should forward it to the embarkation agent or magistrate concerned in the embarkation for information and transmission to the Superintendent of Emigration, Ganjam district.

3. *Calcutta route to Chittagong.*—If the batch proceeds to Chittagong or Chittagong Hill tracts, the person in charge must place the emigrants, with this way-bill, before the magistrate at the place of disembarkation, who will, after endorsing his remarks on the way-bill and filling in abstract, return it to the person in charge of the batch for delivery to the employer. After perusal and entry of casualties in the journey to garden, the employer must return the way-bill to the magistrate of the district or sub-division, who, in turn, should forward it to the Superintendent of Emigration, Ganjam district, for information.

4. *Treatment of Emigrants on the journey.*—The person in charge must take every care of the emigrants during the journey. He must give them a cooked meal before they start, and, if the journey is likely to occupy more than six hours, he must distribute biscuits and sugar in the proportion of two biscuits and one ounce of sugar to each emigrant of and above ten years of age, and one biscuit and half an ounce of sugar to each emigrant under the age of ten years, and, if more than eight hours, dry provision must be supplied, such as Atukulu and the like, in such quantity as may be determined by the Superintendent of Emigration or other authorized officer. It must be seen that the clothing provided is worn by the emigrants whenever the weather renders such a precaution necessary. At the close of every day's march or of a train journey the emigrants must be properly housed and provided with a cooked meal and wholesome supply of water for drinking and ablution purposes.

5. *Special Instructions.*—Emigrants from Ganjam must be taken by British India Steam Navigation Company's steamer from Gopálpur to Calcutta. If registered anywhere but at Gopálpur, they should, on arrival at Gopálpur, be placed before the registering officer there with way-bill on which he will endorse his remarks. On arriving at Calcutta they should be placed for inspection with way-bill before the Magistrate of Hoogly.

Recd. for Act. on 25/3/92

Draft Rules under Act  
I of 1882, Inland Emigra-  
tion, for the Ganjam &c.

We cannot make any rules  
as to transport of emigrants by  
sea, nor do I think any arrangement  
that matters must be managed  
under the Native Passenger ships  
act. As to that voyage as that  
to Calcutta no special rules are  
imposed. Agree with the District

Thus no ~~special~~ Superintendent of  
Emigration  
~~is required~~ is required, but I  
would make the Port Officer at  
Sopahpur Sup<sup>t</sup> of Emigration  
& allow him also to be a Registering  
Officer. India has better means  
to today than we possess this  
arrangement & to give him the  
allowance suggested as remunera-  
tion for these duties.

U.S.

Para 2 of Collis letter. It did  
not escape notice that  
Chapter V of Act I of 1882  
is headed "Transport by  
River", but the Act as drafted  
applies only to inland  
provinces where all trans-  
port by water would  
necessarily be by river.  
So when the Act was  
extended to a district on  
the seaboard it was thought  
that some of the provisions  
of Chapter V would be  
made applicable: and  
rules issued to regulate  
the transport of coolies  
by sea. It is submitted that  
suitable action might be  
taken by this Govt. under  
- for example - sections 87 & 88  
part; 88, 89, 90 &c. Trans-  
port by sea of emigrants  
under Act XXI of 1882 is  
subject to certain regulations  
and why should not that  
under Act I of 1882 also be  
regulated? No doubt Chapter  
V was drafted to meet the

case of ~~the~~ <sup>the</sup> ~~particular~~ <sup>particular</sup> ~~trade~~ <sup>trade</sup>, but it would also be in the interests of Govt; the Employers and the laborers to have some regu- and fees - for sea transport.

Para: 3 of the collector's letter. Section 19 of the Act says that, depots shall be estab- lished at such places as the local Govt: may direct. Recruiting goes on ~~the~~ throughout the Ganjam district but embarkation is to be from Gopalpore only. There is every prob- ability that coolies will not be embarked immedi- ately on arrival at Gopal- pore - in fact steam vessels call there periodically - and it is therefore submitted that there should be a depot at Gopalpore - in which laborers from up country could be looked after while waiting for the vessel.

Para: 4 of the collector's letter. If the proposal to have a depot at Gopalpore is approved the Apothecary at Gopalpur would be the Medical Inspector under Section 40 of the Act as contemplated in 40.

\* apparently in this case, Assam. Madras gets registration fee - also license fees &c.

We have nothing to do with them after they leave the Presidency & make no rules about them. On arrival of the coolies they will come under the Bengal rules & be treated as emigrants under the Act. The extension of the Act to Ganjam was effected by this way.

\* Information as to whether the powers of a local Govt. have been conferred on the Chief Court of Assam is not available. It seems however, more than probable that the Act of 1882 applies to Assam, and there are no doubt rules in existence there.

Power of rule making

 seems probable ~~from the~~

 exists.

attention is invited to  
 para: 6 of the collector's  
 letter, 2, with ref<sup>ce</sup> thereto,  
 to G.O. of 2.2.92, No. 80.

The "Instructions" on  
 page 12 of the proof should  
 be not be issued without  
 the consent of the Govt: of  
 Bengal?

Submitted that out  
 part of the Act should not  
 be brought into operation  
 without the other and  
 that recruiting under it  
 should not commence  
 until it is known that  
 the necessary arrange-  
 ments have been made  
 in the labor-district.

following Notn. will  
be published for guidance

4. In regard to the ques-  
tion of depôts, it is observed  
that they are, under the  
Act, Contractors' depôts.

required to keep depôts

all the emigrants will  
~~be taken~~  
~~for~~ embarkation.  
In the event of a contract-  
or's depot being establish-  
ed, the Govt. will appoint  
the Port officer to be a Supt-

purposes of performing  
the duties laid down in  
sections 39 to 49 of the Act  
and the Apothecary at

Collector will report  
whether these appoint-

In the opinion of Govt. the  
Bengal depot rules shd.  
be adopted for the regulation  
of depots at Gopalpur.

5. If contractors  
are licensed, Recruiters  
bringing emigrants to  
Gopalpur must provide  
sufficient and proper  
accommodation there

regulation of such rest-  
ing-places the rules pro-  
posed by the Collector will  
be appropriate.

6. ~~The officer~~  
~~should~~ state the authority for  
charging a fee for medical  
examination.

as recommended by him.  
The fee of four annas per  
head under Section 71  
should, in connection with  
all other fees levied under  
the Act, be credited to the  
state in full.

7. The Collector should  
bear in mind that this  
Govt. has nothing to do  
with the emigrants after  
they once leave the Presi-  
dency. The "Instructions"  
proposed by <sup>him</sup> ~~the Government~~  
should therefore be  
omitted.

8. With reference to  
para: 6 of <sup>the Collector's</sup>  
letter, ~~his~~ attention will  
be called to G.O. dt 2.2.92,  
No. 80. The several Register-  
ing Officers should re-  
port to the Superinten-  
dent of Emig., Bhojpur  
District, and that officer  
should submit an annual  
report to Govt. as already  
directed.

9. The ~~Government's~~ request  
in para: 7 of <sup>the</sup> ~~his~~ letter will  
be complied with.

10. The Collector will  
submit a revised draft  
of rules to be issued  
under

under the Act, after  
satisfying himself  
as to what rules are  
called for. They should  
be restricted to such  
matters only as con-  
cern the emigrants  
while in the district  
of Ganjam.

1ST APRIL 1892, No. 218, PUBLIC.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 6th February 1892, Ref. No. 37, Eng.

In continuation of my letter, Ref. No. 1686, Eng., dated 24th December 1891, in which I submitted proposals for working the "Inland Emigration Act" I of 1882, I have the honour to state that, having lately received copies of the rules framed under the Act by the Government of Bengal, I am led by them to think that I have hitherto misapprehended some part of the Act.

2. In the first place, it escaped my notice that chapter V, which deals with shipments, applies only to river transport and not to shipment by coasting steamers. There will thus be no need for a Superintendent of Embarkation any more than there has been hitherto when we have been working under Madras V of 1866.

3. Again it appears to me that the provisions as to depôts are not intended to apply to recruiting districts, but to such depôts as may be formed in Calcutta and such other central places when emigrants from different districts are brought together. When drafting my previous letter, I could not see what was the necessity for double registration in this district (once before registering officer and again at depôt before Superintendent), but was led to suppose that the Act required it, inasmuch as the depôt registration preceded shipment. The second misapprehension thus arose out of the first one dealt with in paragraph 2.

4. If my present reading of the Act is correct, the following modifications should be made to my previous proposals. The Collector only need be appointed as Superintendent with a view to his exercising powers under sections 12, 23 and 59, and the Port Officer, Gopálpur, instead of being appointed a Superintendent and Embarkation Agent, should merely be added to the number of registering officers. The Civil Apothecary, Gopálpur, should be added to the number of medical officers under section 30, while no appointment will be necessary under section 40. No orders will be necessary on the subject of depôts. The bulk of the registering work will fall on the Port Officer, Gopálpur, should his appointment as a registering officer be sanctioned, and I therefore still advocate the grant of a special allowance to him and a second registration clerk. The necessity of having a registering officer at Gopálpur was prominently brought to the notice of His Excellency the Governor when on his visit to this district in November last.

5. Rules under the Act for this district need deal only with chapters I to IV of the Act; chapters V and VI do not apply to any but labour districts; and no rules seem necessary under chapters VII, VIII or IX. I submit a draft set of rules and forms based to a great extent on those in force in Bengal; but as far as places of accommodation under section 27 (or sub-depôts) are concerned, on those in force in this Presidency in respect of emigration to Mauritius, as the Bengal rules are too elaborate.

6. A copy of the rules in force in Bengal, received from the Bengal Government, is herewith sent for information. I have omitted to say anything about the returns and reports under the Act such as those referred to in rules 4, 5 and 6 of the Bengal rules, as it is for the Government to say what returns and reports should be furnished from Ganjam and to whom.

7. I request that six copies of the Act (I 882) may be supplied to me for the use of the registering officers.

Telegram from the Collector of Ganjam, to the Chief Secretary to Government, dated 10th February 1892.

Government Order, No. 44, Public, 21st ultimo, paragraph 4. Draft rules despatched 6th, deal with all sections quoted by you except 19 to 21 and 39 depôts, 87 to 107 and 109 to 145 which deal with transport by river and labour district and are not applicable here. If depôt considered necessary, I will, on instruction by wire, submit proposals for rules. Act in many respects requires adaptation to be suitable for a Madras district.

ORDER—dated 1st April 1892, No. 218, Public.

Act I of 1882 (The Inland Emigration Act) has been extended to the Ganjam district from the 1st April 1892, and it is therefore necessary to make the appointments requisite for working it. NOTE.—Columns 1 to 9 should be filled in by the registering officer; column 10 by the local agent, if any, or garden sirdar; and column 11 by the inspecting officers *en route*, who should enter in that column the names of those lost to the batch and the causes of the losses as ascertainable from an examination of the batch and person in charge. Each inspecting officer recording an entry should sign the way-bill.

The abstract should be filled in by the employer, who, thereafter, should dispose of the way-bill as indicated in the annexed instructions.

2. The Government agrees with the Collector that the appointment of an Embarkation Agent is not required and that rules cannot be made as to the transport of the emigrants by sea. Any question that may arise in connection therewith must be dealt with in accordance with the Native Passenger Ships Act, but for so short a voyage as from Gopálpur to Calcutta no special rules are necessary.

3. The Government recognises the necessity for having a registering officer at Gopálpur, and the Port officer has been appointed accordingly. He will be allowed one clerk, and the number sanctioned in paragraph 3 of G.O., dated 21st January 1892, No. 44, will be reduced from seven to six. The Government of India has been addressed by telegraph as follows:—

"Public letter 45 of 21st January. Appointment of Port officer, Gopálpur, as Embarkation Agent unnecessary, but his appointment as registering officer is desirable and sanctioned accordingly. He will also probably be appointed Superintendent of Emigration at Gopálpur. Allowance, seventy-five rupees, recommended in consideration of extra duties imposed. Please wire orders."

4. In regard to the question of dépôts, it is observed that they are, under the Act, *contractors' dépôts*. If any contractors are licensed they will be required to keep dépôts at Gopálpur, to which port all the emigrants will be taken for embarkation. In the event of a contractor's dépôt being established, the Government will appoint the Port officer to be a Superintendent of Emigration for the special purpose of performing the duties laid down in sections 39 to 43 of the Act, and the Apothecary at Gopálpur will be appointed Medical Inspector under section 40. The Collector will report whether these appointments are requisite and what should be the local limits of the Port officer's jurisdiction as Superintendent of Emigration. In the opinion of Government, the Bengal dépôt rules should be adopted for the regulation of dépôts at Gopálpur.

5. If no contractors are licensed, recruiters bringing emigrants to Gopálpur must provide sufficient and proper accommodation there as contemplated by section 27 of the Act, and for the regulation of such resting-places the rules proposed by the Collector will be appropriate.

6. That officer should state the authority for charging a fee for medical examination under section 30 as recommended by him. The fee of four annas per head under section 71 should, in common with all other fees levied under the Act, be credited to the State in full.

7. The Collector should bear in mind that this Government has nothing to do with the emigrants after they once leave the Presidency. The "*Instructions*" proposed by him should therefore be omitted.

8. With reference to paragraph 6 of his letter, the Collector's attention will be called to G.O., dated 2nd February 1892, No. 80. The several registering officers should report to the Superintendent of Emigration, Ganjam district, and that officer should submit an annual report to Government as already directed.

9. The request in paragraph 7 of the letter read above will be complied with.

10. The Collector will submit a revised draft of rules to be issued under the Act after satisfying himself as to what rules are called for. They should be restricted to such matters only as concern the emigrants whilst in the district of Ganjam.
