PRESIDENCY PORT OFFICE,

Madras, 14 February 1892.

Heading.

Electric Clock

From

THE PRESIDENCY PORT OFFICER,

MADRAS,

To

THE CHIEF SECRETARY TO GOVERNMENT,

MARINE DEPARTMENT,

FORT ST. GEORGE.

SIR,

I have the honor to return herewith
Marine Department Reference dated
26th January 1892 on Current No. 140,
containing proposals of the Acting
Government Astronomer in connection
with the electrically controlled Clock
at the Presidency Port Office. I see
no objection to the transfer of this
Clock to the Harbour Trust Board,
and to the proposal to pay the
Signaller Rs 5 per mensem for his
work in connection with the Semaphore,
provided the amount is met from
Observatory funds. I do not, however,
recommend that the Signaller should
be

he made liable to a deduction
from his allowance for a failure
in the semaphore unless his neglect
can be proved; in which case the
fine should be inflicted by the
Deputy Conservator of the Port.

It would appear that in the
majority of failures the Semaphore
was dropped by electrical contact
from this Office battery which
goes to shew that the battery is
in clean condition and receives
sufficient attention from the
Signaller. The Signaller has no
means of testing the electric
current, and therefore cannot
reasonably be made responsible
for its failure.

I have the honor to be,

Sir,

Your Obedient Servant,

R. P. O'Connell
Captain H. M. I. M.

Offg: Presiding Post Officer

4 APR 92
M.S.

From the Govt. Astronomer
states that the, subjecting
controlled clock at the Marine
Office has not been in proper
working order for some time,
that he intends to repair it and
be at the sacrifice of the
second hand, which disfigure-
ment would render it useless
as an electrically controlled clock;
and recommends that it be made
over to the H. F. Board which if
it desires, can easily have the
clock connected with the semi-
phone apparatus, & by the use
of Mr. Winter's arrangement
x x x mean time clock &
also adds that if the foregoing
proposal is accepted there will
remain only a clock under
electrical control - that if the
P. O. & Telegraph Office - & that
for its care the allowance of
Rs 20 paid from the Observatory
funds to the Marine Signaller
be reduced to Rs. 10 this means
to which however should be
added Rs. 5 per month for
charge of the semaphores, for
provided that each time the
semaphore fails a deduction
be made from the Signaller's
allowance.

From the Presidency Port
Office etc.
Approves the Astronomer's
proposals on the understanding
that the Rs 5-are paid from
the Observatory funds, & that the
Signaller is not-entitled to
deductions for failure in
the Semaphores unless his
