The Surgeon General  
I am a note after  
to Surgeon General  
to fix 16th or other

that would have enabled  
me to get the papers before Govt  
for them to return me on

Authentic certificate - can't see. I want if possible to  
you give it quickly & ~~send~~ <sup>send</sup> before February session  
a copy to be sent to Judge in 1 Feb. I have no hope on  
General? He might throw <sup>judgment</sup> in my capacity to  
arrange for me for a long time but the simplest cases &  
on 16<sup>th</sup> I know the Board <sup>attend</sup> & keep in mind any  
always assemble on Saturday might break down & feel  
I should then be back <sup>almost</sup> any day. It is most  
in time for Exam<sup>n</sup> of <sup>working</sup> for other work I  
which is on 20<sup>th</sup> & <sup>am better than ever</sup>

My head won't stand much  
more work. Xmas holidays  
gave me a small start  
but it began to go again

H. T. Knox Esq  
District and Sessions Judge  
Bellary  
To The Chief Secretary to Government  
Fort St. George

Sir. Having made intimation of in-  
capacity for further service the District  
Surgeon applied to the Surgeon General  
with the Government requesting him to  
fix date for my appearance before the Medi-  
cal Board at the Presidency. The Surgeon  
General requires a letter from the head of  
the Department, within the Government or the  
High Court, authorizing my appearance  
before the District Surgeon under article  
1487 of the Civil Service Regulations. Being  
under the impression that District and Sessions  
Judges were for purposes of leave & pension  
heads of Departments I had not obtained  
permission.  
2. I have now the honor to request the per-  
mission of the Government to appear in

order to ~~obtain~~ such a certificate so that  
if possible I may be retired at the end of  
this month as I no longer find myself  
mentally fit for the work of a Court.

I have the honor to be, Sir,

Your most obt. Servant
