GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

Extract from the Proceedings of the Government of India, in the Home Department (Medical),—under date Calcutta, the 22nd March 1892, No. 4—161, Medical.

Read—

Home Department Resolution No. 7 Medical—668-679, dated the 12th October 1891.

Resolution—

In the Resolution quoted in the preamble the Governor-General in Council directed that bonds should be demanded in respect of medical students of the Assistant Surgeon or Hospital Assistant classes who are educated wholly or in part at Government expense, the bond specifying that such students would complete their course of study and would at the end of it execute, if required for Government employment, the form of agreement for Assistant Surgeons or Hospital Assistants as the case might be. As some doubt may exist as to whether this order applies to scholarship-holders and assisted students, who receive aid from Government for only a part of the period passed by them in completing their medical education, His Excellency in Council is now pleased to explain that it is intended that the bonds in question should be taken only in the case of those students whose education is paid for or aided by the State throughout the entire period required to complete their course of studies.

Order—

Ordered, that a copy of the Resolution be forwarded to Local Governments and Administrations and to the Surgeon-General with the Government of India for information.

(True Extract.)
