SIR,

I have the honor to forward herewith the usual number of 12 Copies of the Results of the Meteorological Observations made at the Observatory during the years 1861-1890, for the Right Hon'ble the Secretary of State for India.

2. This volume apparently brings the meteorological observations up to date but, unfortunately, there is still a gap of 5 years from 1856 to 1860 for which the observations have not been published. This is all the more to be regretted since these 5 years were the concluding 5 years of the twenty during which hourly observations were taken and the full working out of the
