The Chief Secretary to Government,

SIR,

Enclosure

Adverting to Fork St. George Gazette dated 16 February 1892, Part I notifications by Government Nos. 70 and 71, I have the honor to request that Government will be good enough to consider the appointments made therein in the light of the following remarks.

The Charge of the 4th District carries with it Charge of the Rongapetah Hospital, by no means an unimportant one as will be seen from the following table.

	Number of Patients		Daily average Sick	
	In-door	Out-door	In-door	Out-door
1888-89	842	24,261	30.32	103.66
1889-90	820	23,074	27.69	115.01
1890-91	887	23,697	30.41	133.01

The work of the Secretary to the Surgeon General is continuous from 11 A.M. to 5 P.M.

I

with presence
'at there are 3

perform the necessary work, the
district work and the Hospital work.

It may be assumed that the Surgeon
General will not allow his office work to
suffer. The Surgeon will not neglect his
patients, and in an extended District like
the 4th he will not possibly find the
necessary time to devote to the Hospital.

The Surgeon-General can see that his
work is not interfered with. The patients
have their own remedy. They can call in
another Medical man. But the Royapettah
Hospital is helpless.

It is true that Government places
the services of the Surgeon 4th District at the
disposal of the Municipality so far as the
Royapettah Hospital is concerned, and might
turn round and say to the Municipality
if you are not satisfied you must provide
your own doctor. To this I have no answer
except that I have more confidence in Govern-
ment than to suppose that such an attitude
would be assumed.

I would venture to suggest that it would
be preferable that the Surgeon of 3rd District

That District entailing no Hospital Charge should be placed in charge of it District in addition to his own duties, although in the interest of the Royapettah Hospital, I would deprecate any double charge.

If it is absolutely impossible to find another Medical Officer to relieve the one going on leave I think there is a very simple and obvious course open.

In conclusion I trust that it will be clearly understood that in the remarks I have made there is no personal reflection intended to be conveyed. I have thought it my duty to respectfully protest against an arrangement which I consider to be physically impossible and prejudicial to the welfare of the Royapettah Hospital.

I have the honor to be,
