To

THE Chief Secy. to Government
Public Department,

SIR,

With reference to your No. 774 dated the 4th May 1892, I have the honor to state for the information of Government that the new Stone System having been sanctioned for all the Government Presidency Hospitals it was necessary to increase their Establishment for the working of the same. Accordingly proposals from the various Hospitals in Madras were submitted to Government from time to time and in G. O. No. 76 Public of 2nd February 92 Government was pleased to sanction an additional Establishment for each of these Institutions. The G. O. did not however pass any orders regarding the Women and Children Hospital as the proposals from that Institution were not received in time for submission to Government. They were received

received after the receipt of G. O. of 2nd February and the Medical Officer was therefore requested to submit a proposition statement for an extra establishment similar to that sanctioned in that G. O. for the other Hospitals in Madras. As an increase to the Establishments of other Presidency Hospitals for the working of the new system was sanctioned it did not occur to me that it was necessary to address Government separately regarding the Women and Children Hospital before submitting the proposition statement.

I would now therefore request Government to pass an order applicable to Women and Children Hospital.

I have the honor to be,
Sir,

Your most obedient servant

W. F. de Silva and S. M. Gent

Note for Public Dept.
There seems to be no
authority for the add-
the strength of the Women's
Children's hospital. The
additions are the same
as in the other four special
hospitals, coming to 1/2
"month". Otherwise the
prop? statements are
all right. If Govt.
hasn't yet approved
increasing the staff in
this hospital, something
had better be obtained.
The Surgeon General
shall have raised the
point as the hospital
wasn't mentioned in G.O's
