Depd 14. April 1892. Ganjam Collector's office
No. 237 of 1892. Dated Chattrapur April 1892
From E. C. Johnson Esquire,
Collector of Ganjam. NO. 1094

To The Chief Secretary to Government,
Public Department,
Madras.

Sir,

As directed in para 2 of Govern-
ment Order no 80, Public, dated 2^d February 1892,
I have the honor to report on the Inland
Emigration of this District during the year
1891.

27 Inland Emigration in this District during
the year was carried on exclusively under the
Madras Act II of 1866 the prohibition that had
been in force in respect of recruitment under
that act having been withdrawn by the Govern-
ment in the latter part of 1889 vide Govern-
ment Order no 913 Public dated 13th November 1889.

During the year under review 12 persons held
Contractors' licenses against 10 in the previous
year. The number of recruiters' licenses granted
during the year was 511 against 324 in the
previous year. It may be stated here that
a large majority of the recruiters who held
these licenses were practically garden sardars
in the sense that they were returned emigrants
from this District and attached to gardens in
Assam. The number of emigrants registered was
5203 (3189 labourers and 2014 dependants) against

against 4247 (2649 labourers and 1598 dependants) in the previous year. From these results it is evident that the Assam Tea Planters are pushing their recruitment in this district. The unfavourable character of the present season is likely to raise still higher the number of emigrants in the current year. Most of those emigrating are Khonds from the Gumsur malikhs and Uriyas of the Gumsur and Berhampore taluks, from in the Khonds and next to them in the Uriyas the planters find the best material for withstanding the unhealthy climate of Assam. In 1890 there were a good many complaints of kidnapping while in 1891 there were but few and none were substantiated. From enquiries it is ascertained that the emigrants proceed to Assam cheerfully - having learnt from returned emigrants the nature of the work and the prospect of profit. After the registration of the emigrants by the several Protectors of Labourers, they are conveyed by the contractors to Gopalpur and there accommodated in suitable depots. They are thence shipped by the first available British Indian steam navigation steamer to Calcutta under the supervision of the port officer Gopalpur to whom an extract from the register of emigrants is sent by each Protector of Labourers immediately after the registration of each batch.

2) In 1891 as also in 1890 there were no complaints under the heads of dieting, clothing, or

or ill-treatment, nor were there among the emigrants any deaths or outbreaks of cholera, small pox or any similar contagious disease.

4. Receipts and charges

During the year under report Rs 9404, were collected under the act in the shape of fees against Rs 7293 in the previous year. The increase is due to the increase in the numbers of contractors, recruiters and emigrants. The charges were Rs 372-9-7 against Rs 188-8-6 in the previous year. The increase is due to the entertainment of 2 emigration clerks in this office while only one was entertained in the previous year.

5 The enclosed statements give the name of each contractor, & the number of recruiters licensed and of emigrants registered on his account as also the receipts and charges under the act.

I have the honor to be,
Sir,

Your most obedient servant

Prasanna Chandra

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From E. C. JOHNSON, Esq., Collector of Ganjam, to the Chief Secretary to Government, dated Chatrapur, 13th April 1892, No. 239-Eng.

As directed in paragraph 2 of G.O., No. 80, Public, dated 2nd February 1892, I have the honour to report on the inland emigration of this district during the year 1891.

2. Inland emigration in this district during the year was carried on exclusively under the Madras Act V of 1866, the prohibition that had been in force in respect of recruitment under that Act having been withdrawn by the Government in the latter part of 1889—*vide* G.O., No. 913, Public, dated 13th November 1889. During the year under review 12 persons held contractors' licenses against 10 in the previous year. The number of recruiters' licenses granted during the year was 511 against 324 in the previous year. It may be stated here that a large majority of the recruiters who held these licenses were practically garden sardars in the sense that they were returned emigrants from this district and attached to gardens in Assam. The number of emigrants registered was 5,203 (3,189 labourers and 2,014 dependants) against 4,247 (2,649 labourers and 1,598 dependants) in the previous year. From these results it is evident that the Assam tea-planters are pushing their recruitment in this district: the unfavorable character of the present season is likely to raise still higher the number of emigrants in the current year. Most of those emigrating are Khonds from the Goomsur Maliahs and Uriyas of the Goomsur and Berhampore taluks, for in the Khonds, and next to them in the Uriyas, the planters find the best material for withstanding the unhealthy climate of Assam. In 1890 there were a good many complaints of kidnapping, while in 1891 there were but few and none were substantiated. From inquiries it is ascertained that the emigrants proceed to Assam cheerfully, having learnt from returned emigrants the nature of the work and the prospect of profit. After the registration of the emigrants by the several Protectors of Labourers, they are conveyed by the contractors to Gopálpur and there accommodated in suitable depôts. They are thence shipped by the first available British India Steam Navigation steamer to Calcutta under the supervision of the Port Officer, Gopálpur, to whom an extract from the register of emigrants is sent by each Protector of Labourers immediately after the registration of each batch.

3. In 1891, as also in 1890, there were no complaints under the heads of dieting, clothing, or ill-treatment, nor were there among the emigrants any deaths or outbreaks of cholera, small-pox or any similar contagious disease.

4. *Receipts and Charges.*—During the year under report, Rs. 9,404 were collected under the Act in the shape of fees, &c., against Rs. 7,293 in the previous year. The increase is due to the increase in the numbers of contractors, recruiters and emigrants. The charges were Rs. 372-9-7 against Rs. 188-8-6 in the previous year. The increase is due to the entertainment of two emigration clerks in this office, while only one was entertained in the previous year.

5. The enclosed statements give the name of each contractor and the number of recruiters licensed and of emigrants registered on his account, as also the receipts and charges under the Act.
