From Ernest Barclay
Government Solicitor
Madras

To The Chief Secretary to Government
Madras

Sir,
1. With reference to the Order of Government, Public Department, dated 10th March 1892 N^o 157, I forward herewith two draft forms of Bonds, one to be entered into by the surety of a Medical Student who holds a Scholarship, and the other to be entered into by the surety of a Medical Student who is allowed a stipend or is assisted by Government. I have thought it better to have a separate bond for each case so that the actual facts may appear as clearly as possible; but, should only one form of bond be preferred, that for the assisted Student would apply.

2. In preparing these bonds I have followed as nearly as possible the wording of the Resolution of the Government of India set out in the Proceedings of Government dated 28th October 1891. N^o 914, Public; but, what is really referred to in that Resolution is a bond and not an agreement. See the form set out in the Proceedings of Government dated

SIR,

In returning the papers referred
to me for remarks under your Endorse-
ment No. 696 dated the 20th April 1892,
I have the honor to state for the in-
formation of Government that in
this Presidency there is but one class of
Government students - viz: those who are
granted stipends and whose medical
Education is wholly paid for by Govern-
ment. Such students are under G.O.
No. 230 Public of 5th April 1892 required
to sign a bond and the form pro-
posed by the Govt. Solicitor for
"Assisted students" will apply in their
case I would however propose that
in the form of the bond the words
"is a stipended student of Government"
be substituted for "is a student
assisted by Government". I further
suggest

15
Suggest that all references to assist-
ant surgeons may be omitted
in the Bond. as in this Presidency
this grade is recruited from amongst
private men who possess the
necessary medical qualifications
and no students are entertained
or assisted by Government to
qualify for this grade.

I have the honor to be,
Sir.

G.O., dated 28th October 1891, No. 914, Public.

ABSTRACT.—Communicating to the Surgeon-General with Government resolution and letter from the Government of India regarding the execution of security bonds by students who receive medical instruction, either wholly or in part, at the expense of the State.

G.O., dated 10th March 1892, No. 157, Public.

Order—dated 10th March 1892, No. 157, Public.

Under the Resolution of the Government of India, dated 12th October 1891, No. 7 Medl.-668—679, recorded in G.O., dated 28th October 1891, No. 914, all assisted medical students, whether scholarship-holders or stipendiaries, are required to give security in the shape of a bond by their parents, guardians or friends that they will complete the course of study, and that, at the end of it, if required to enter the service of Government—which would not happen should they have failed to qualify—they will execute an agreement to serve as Assistant Surgeons or Hospital Assistants as the case may be. The security bond has to be furnished only by students who have received or are to receive assistance from Government, either in the shape of a scholarship or a stipend, towards their education, but the further agreement—which provides its own penalty—has to be given by all qualified persons on their entering the medical service of Government.

2. The draft form of bond for assisted students prepared by the Government Solicitor, and submitted by the Surgeon-General with his letter of the 13th February, attempts to combine both the bond and agreement referred to in paragraph 1, which, however, cannot be done. The form of the agreement has already been decided upon by the Government of India in paragraph 2 of its Resolution recorded in G.O., dated

28th October 1891, No. 914, and its Resolution embodied in G.O., dated 15th March 1889, No. 263. It therefore remains to settle the form of the security bond to be taken from assisted students, and, in view to his submitting a draft at an early date, the Government Solicitor will be furnished with copies of the two Government orders last quoted.

3. As soon as the form is approved by Government, the Surgeon-General will arrange to take security bonds from all assisted students recruited from and including October last, and agreements on entry should be taken from all, whether assisted or not, who are admitted to the Government service from that time.

4. G.O., dated 2nd February 1892, No. 77, will now be cancelled, and with reference to his letter of the 4th February, No. 94, the Surgeon-General will be informed that the period laid down in the form of agreement sanctioned by the Government of India—viz., five years—should not be reduced.

In returning the papers referred to me for remarks under your endorsement, No. 696, dated the 20th April 1892, I have the honour to state, for the information of Government, that in this Presidency there is but one class of Government students, viz., those who are granted stipends and whose medical education is wholly paid for by Government. Such students are, under G.O., No. 230, Public, of 5th April 1892, required to sign a bond, and the form proposed by the Government Solicitor for "assisted students" will apply in their case. I would, however, propose that in the form of the bond the words "is a stipended student of Government" be substituted for "is a student assisted by Government." I further suggest that all references to Assistant Surgeons may be omitted in the bond, as in this Presidency this grade is recruited from amongst private men who possess the necessary medical qualifications and no students are entertained or assisted by Government to qualify for this grade.

ORDER—dated /3 May 1892, No. 336, Public.

As in this Presidency there is only one class of Government students—who are granted stipends and not scholarships—only one form of bond is necessary, and that printed as an appendix to this order is approved.

2. The bond to be given by all qualified persons on entering the Medical service of Government in this Presidency have already been settled:—

Order—dated 10th March 1892, No. 157, Public.

Under the Resolution of the Government of India, dated 12th October 1891, No. 7 Medl.-668—679, recorded in G.O., dated 28th October 1891, No. 914, all assisted medical students, whether scholarship-holders or stipendiaries, are required to give security in the shape of a bond by their parents, guardians or friends that they will complete the course of study, and that, at the end of it, if required to enter the service of Government—which would not happen should they have failed to qualify—as the case may be. The security bond has to be furnished only by students who have received or are to receive assistance from Government, either in the shape of a scholarship or a stipend, towards their education, but the further agreement—which provides its own penalty—has to be given by all qualified persons on their entering the medical service of Government.

2. The draft form of bond for assisted students prepared by the Government Solicitor, and submitted by the Surgeon-General with his letter of the 13th February, attempts to combine both the bond and agreement referred to in paragraph 1, which, however, cannot be done. The form of the agreement has already been decided upon by the Government of India in paragraph 2 of its Resolution recorded in G.O., dated

28th October 1891, No. 914, and its Resolution embodied in G.O., dated 15th March 1892, No. 263. It therefore remains to settle the form of the security bond to be taken from assisted students, and, in view to his submitting a draft at an early date, the Government Solicitor will be furnished with copies of the two Government orders last quoted.

3. As soon as the form is approved by Government, the Surgeon-General will arrange to take security bonds from all assisted students recruited from and including October last, and agreements on entry should be taken from all, whether assisted or not, who are admitted to the Government service from that time.

4. G.O., dated 2nd February 1892, No. 77, will now be cancelled, and with reference to his letter of the 4th February, No. 91, the Surgeon-General will be informed that the period laid down in the form of agreement sanctioned by the Government of India—viz., five years—should not be reduced.
