Resolution

Communicated to the Collector of

Kurnool.

2. In his fortnightly narrative for the period ending 31st March 1892 read in Board's Proceedings dated 7th April/92 No. 273, the Collector explained that only two out of the four Medical Subordinates applied for had been deputed to the District.

off two or three times a week - as the extension in the road increases, the Hospital assistant from Mun dlapad will not be able to afford the medical aid as the distance will be too great.

There are extensive relief works in the Markapur Taluk which extend some miles - About 10,000 coolies are engaged on these works. There is also a kitchen opened - Should there be a break out I think a single Hospital assistant will not be able to give the necessary help.

As there is a good deal of fever prevalent in the District and this is also the end of the official year, when many returns have to be submitted, it is not desirable to close the Dispensaries.

Under these circumstances I will not be able to make further arrangements except by closing Dispensaries which would lead to delay in the official work. I therefore request

that

that at least two Hopt. Assistants be sent as soon as possible to do duty in the affected taluks.

I have etc.
