No. 97th of 1892.

Political Department:

Bombay Castle, 6th May 1892.

FROM

W. LEE-WARNER, Esq., C.S.I.,

SECRETARY TO GOVERNMENT,

BOMBAY;

TO

The Secretary to the Government
of Madras.

SIR,

It is understood that the Madras Observatory subscribes to the Central Station for astronomical telegrams, Kiel, and is thus put in early possession of important astronomical news such as the discovery of new stars or comets. If this is the case, I am directed to inquire whether the Governor in Council has any objection to the Tattkhattinggi Observatory attached to the College of Science, Poona, the equipment of which is peculiarly fitted for physical observations, being supplied by telegram with copies of telegraphic messages received from Kiel in order to

to enable the Observatory to secure early
observations.

I have the honor to be,
Sir,
Your most obedient servant

D. Seedamer
Secretary to Government.

TO

The Honble J. F. Price
Chief Secretary to Govt

SIR,

With reference to your endorsement
dated 12th instant, No. 844, on Public Current
No. 1263 (herewith returned) I have the honor
to state that I see no objection to forwarding
by telegraph a copy of the astronomical tele-
grams received from Kiel to the Takhatsingji
Observatory. I presume that that observa-
tory is willing to bear the cost of the tele-
grams and that they possess a copy of the
Science Observer's Code in which all the
telegrams are forwarded and which is most
convenient also for their retransmission.

I have the honor to be,

Sir,

Your most obedt servant,

Sir,
With reference to yr.
letter of the 6th inst. No. 974,
I am directed to forward
copy of a letter from the
Govt. Astronomer, Madras,
and to say that there is
no objection to telegrams
being sent to the observa-
tory at Poona provided
their cost is paid. as all
such telegrams are
worded in accordance
with the "Science Observer's
Code" I am to Enquire
