Sir,

In reply to your letter No 52 dated 29th January 1892, I have the honor to inform you that the Jain Column in question has been secured in the Taluk Cutcherry, Beravada, and that the finder relinquishes all claim to it provided he is reimbursed his expenses amounting to Rs. 14-9-0. I recommend that a lump sum of Rs. 20 be paid him for his trouble and expense and shall be glad if you will forward the amount.

2. The column consists of four naked male figures presumably Jain, one for each face of the column, with a triple umbrella over the head of each. The height

of the column is between 6 and 7
feet and it is about 15 inches
square at the base, but I
speak from memory only.
It is a unique specimen so
far as my knowledge goes.

I have the honor to be

Sir,

Your most Obedient Servant
